Investigation:

On Sunday, October 08, 2017, at about 1100 hours, the San Fernando Police Department Communication Center received a 9-1-1 call regarding a domestic violence in progress at [REDACTED] Harding Avenue # [REDACTED]. Officers from the San Fernando Police Department were dispatched to the location and upon arrival, the Officers could hear a female yelling for help but were unable to make entry into the apartment because the door was locked from inside. Narrative Title: SUPPLEMENT

DR #17-2399

On Sunday, October 08, 2017, at about 1145 hours, I (Officer [REDACTED] #10281) contacted a female, who was later identified as [REDACTED], at the scene.

[REDACTED] told me that she has been cohabitating with her boyfriend at the apartment and they have been together for approximately 20 years. No children in common.

[REDACTED] explained that her boyfriend was suffering from Post-Traumatic Stress Disorder (PTSD) and for that reason he had been separated from his family for a long period of time. [REDACTED] said recently, for the last two months, her boyfriend had been talking to himself and he was showing aggressive behavior at home. Her boyfriend would randomly scream and yell at her for no reason.

[REDACTED] said she woke up today in the morning and was approached by her boyfriend in the bedroom area. For an unknown reason, the boyfriend bumped his chest onto her chest, two times, and forcefully grabbed her hair from the back. The boyfriend firmly grasped her hair and pulled her hair for about two - three minutes. [REDACTED] used the word "Strangled" when her boyfriend pulled her hair for two - three minutes.

[REDACTED] said her boyfriend then pushed her into the restroom and asked her if she had called the police. [REDACTED] told her boyfriend that she did even though she did not because she wanted to scare him.

[REDACTED] said she then took off her clothes and showered.

[REDACTED] mentioned to me that her boyfriend hated the police and he mentioned to her that only the military could protect him.

MEMORANDUM

TO: Lt. [REDACTED], Detective Division Commander

FROM: Res/Lt [REDACTED] [REDACTED] #10041 *CRF*

DATE: October 10, 2017

SUBJECT: Officer Involved Shooting - 17-2399

On 10-8-2017 at approximately 1500 hours, the following notes were taken by Res/LT [REDACTED] #10041, during the preliminary identification of:

Witness: [REDACTED]
[REDACTED]
[REDACTED] Harding Ave. # [REDACTED]
San Fernando, CA 91340
CEL [REDACTED]
DOB [REDACTED]

Wit stated his full time job is managing the [REDACTED] at [REDACTED] Harding Ave., San Fernando CA 91340

Wit does not have his driver's license with him. He was transported to the police station without having time to retrieve his wallet.

Wit stated that on 10-8-2017, at approximately 1045 hours, he was getting ready to leave when [REDACTED] by the name of [REDACTED] Unit # [REDACTED], knocked on his apartment door and told him "Hey [REDACTED] [REDACTED] is beating his wife".

Wit corrected the above statement. He clarified that [REDACTED] knocked on his apartment door. When wit opened the door he saw [REDACTED] down the hall in front of his apartment at unit # [REDACTED]. [REDACTED] was with tenant [REDACTED] of unit # [REDACTED]. Wit walked to [REDACTED], where wit was advised.

Wit went down to the [REDACTED], unit # [REDACTED] and rang the doorbell. [REDACTED] yelled "get the fuck out of here, you mother fucker".

Wit walked down the hall and called the police department. Approximately 2 to 3 minutes later the officers arrived. As they

stood by the door of unit # [REDACTED], they could hear [REDACTED] yelling, but could not understand what he was saying.

The officers knocked on the door and announced themselves as San Fernando police officers. [REDACTED] responded by yelling "fuck you, fuck the police, I am not opening the fucking door".

Wit advised the officers he had a master key for the apartment. He gave the master key to the officers. The officers attempted to unlock the door, however, as they unlock the door knob, Mr. Garcia would lock the dead bolt, and when the key was used to unlock the dead bolt, [REDACTED] would lock the door knob.

Wit went back to his apartment to get a second master key. Upon returning the officers used both keys. Once again [REDACTED] was holding on to both the dead bolt and the door knob. Officers called for a ram to be delivered. While they waited, the officers continued to ask [REDACTED] to open the door. [REDACTED] continued to yell obscenities at the officers.

Wit advised the officers he wanted to save the door and recommended to enter the apartment next door (unit # [REDACTED]), and attempt to jump the balcony into [REDACTED]'s apartment. It was too dangerous for the officers. The officers returned to the front door of [REDACTED]'s apartment.

Just before the officers breached the door with the ram, wit asked if he could film the breaching with his phone. Wit wanted to document [REDACTED] liability for the door replacement. The officers told wit it was ok to film.

Prior to the officers breaching the door, wit was asked to move down the hall and was standing approximately 20 feet west of the front door of unit # [REDACTED], when the officers breached the door. Wit stated the officers hit the door with the ram approximately seven times.

The officers entered the apartment, they identified themselves as police officers and instructed [REDACTED] to lay down. [REDACTED] kept yelling very loud at the officers. The officers kept ordering [REDACTED] to lay down on the floor. Shortly thereafter wit heard 3 or 4 rounds go off.

Wit recalls one of the officers asked another officer to call the rescue unit and to bring the first aid bag into the apartment.

RESPONSE

On October 8, 2017, Los Angeles County Sheriff's Department Homicide Detective [REDACTED] #218526, Detective Sergeant [REDACTED] #209527 and Lt. [REDACTED] #292923 were detailed to respond to [REDACTED] Harding Avenue in the city of San Fernando to assist the San Fernando Police Department regarding an officer-involved shooting that had occurred at the location. The shooting occurred inside an apartment unit inside a four-story apartment building.

Detectives were tasked to assist Los Angeles County Sheriff's Department Homicide Detectives Sergeant [REDACTED] #258389 and Sergeant [REDACTED] #432028.

Detectives were assisted by Los Angeles County Sheriff's Department Crime Lab Field Identification Specialists (FIS) [REDACTED] #253670 and FIS [REDACTED]

#614083. Detectives were also assisted by Los Angeles County Sheriff's Department Crime Lab Firearms Sr. Criminalist [REDACTED] #222078.

Detectives were assigned the responsibility of documenting the crime scene. Detectives noted upon their arrival that the apartment complex was secured by yellow crime scene tape and uniformed San Fernando Police Department officers. A crime scene log had been initiated documenting all persons entering the crime scene. The weather was warm with clear skies.

The shooting incident occurred inside apartment unit [REDACTED]. Unit [REDACTED] is on the third floor. Detectives noted unit # [REDACTED] was also secured by additional uniformed San Fernando Police officers and yellow crime scene tape.

Detectives were briefed by San Fernando Police Officer [REDACTED] #10281 regarding the circumstances that led up to the officer-involved shooting. For further details regarding his actions and observations, refer to his report under San Fernando Police Department report #17-2399.

San Fernando Police Department Detective [REDACTED] #10160 authored a Search Warrant for the location. The Search Warrant was signed by the Honorable Judge [REDACTED] of the Van Nuys Court, Northwest Judicial District, on October 8, 2017, at 4:41PM.

SCENE

Harding Avenue is orientated at a 45 degree angle to north. For the purposes of this report, when one enters unit [REDACTED], the west wall is directly in front of you and the north wall is to your right.

The apartment complex where this incident occurred is known as the [REDACTED]. The building is four stories tall and is new construction. The apartment complex has an entry foyer with elevators. The vehicle parking for the complex is on the bottom floor and is accessed through a rolling electric gate on the south side of the building. Apartment unit [REDACTED] overlooks [REDACTED] Avenue.

The area surrounding the [REDACTED] consists of mostly single-story single-family houses. [REDACTED] Avenue is a paved roadway with concrete curbs and concrete sidewalks on both sides of the street, with room for curbside parking on both sides.

From the outside, apartment unit [REDACTED]'s front door (**Photographic Evidence item #B**) is hinged on the right side. The door is made of solid core construction. The door frame is made of steel. There are two peep holes, one above the other, in the front door. San Fernando Police officers placed decals over each peep hole. The peep holes were also covered from the inside with wadded up pieces of white tissue (**Photographic Evidence item #B-1**). The front door was heavily damaged and there were numerous pieces of broken wood splinters on the floor. The steel door frame was not damaged at all.

At the floor of the front door, in the hallway, detectives observed a black police ramming tool (**Photographic Evidence item #A**). A black canvas bag that is used to store and carry the ramming tool was observed in the hallway, on the floor in front of apartment unit [REDACTED].

The apartment unit was well-lit, although no lights were on upon detectives' arrival. A ceiling fan in the living room was operating upon detectives' arrival.

As one enters the unit, one enters the kitchen area consisting of a sink, oven and refrigerator on the left. There is a tall kitchen table with three tall kitchen chairs directly in front of the front door.

Detectives noted that directly at the threshold of the front door, just inside the wall to the left as one enters, was the front door's broken locking mechanism (**Evidence item #1**). The door locking mechanism consisting of the door knob and deadbolt was a single unit. The locking mechanism had been broken away from the door during the process of the door being forced open. Detectives saw that a length of flat black nylon webbing had been wrapped around the interior deadbolt switch and door knob in an effort to keep the deadbolt from being unlocked from the outside with a key.

Detectives noted that on the floor at the front door's threshold just inside the unit was a key ring containing two keys and a key fob (**Evidence item #2**). Detectives learned later the keys belonged to the [REDACTED] complex's manager, [REDACTED].

Six spent shell casings were discovered inside the apartment. Four spent shell casings were recovered from the kitchen floor (**Evidence items #3, #4, #5, and #6**). Two spent shell casings were recovered from the kitchen floor, near the kitchen table, (**Evidence items #7 and #9**). One spent shell casing was recovered from the bedroom floor (**Evidence item #11**).

Detectives recovered a San Fernando Police Department Taser (**Evidence item #8**) from the kitchen floor, under the kitchen table.

As one moves further into the unit, one enters the living room. The living room has a sectional couch on the north wall and a small entertainment table on the south wall with a flat screen television atop the entertainment table.

To the right of the entertainment table, on the south wall, is a wooden sliding pocket door that leads to the bedroom. Detectives noted a bullet entry strike to the front of the sliding door (**Photographic Evidence item #PT-C, entry**) and an exit hole to the back of the sliding door (**Photographic Evidence item #PT-C, exit**).

Detectives noted that the living room entertainment table had a bullet strike on the top of the table, right side edge (**Photographic Evidence item #PT-B, entry**).

There is sliding glass door with plastic vertical blinds on the west wall of the living room that opens to a small balcony that overlooks Harding Avenue. The vertical blinds were closed upon detectives' arrival. On the south wall of the living room in the corner next to the sliding glass door was a tall curio cabinet.

Detectives noted the flat-screen television atop the living room entertainment table had a bullet strike (**Photographic Evidence item #PT-A**) across the top edge of the flat screen. There were several pieces of broken plastic from the television on the living room floor.

The bedroom is on the south side of the unit. A queen size bed was against the south wall. Detectives recovered a spent bullet (**Evidence item #13**) from under the bed.

There is a window on the west wall of the bedroom that overlooks Harding Avenue. To the left of the window is a five-drawer dresser. There was a make-up table under the window and a small side table to the right of the window. Detectives observed a bullet strike (**Photographic Evidence item #PT-F**) to the right of the small side table and to the right of a power outlet.

At the foot of the bed on the floor detectives observed numerous blood drops (**Photographic Evidence item #D**). In the area of the blood drops on the floor, detectives recovered a bloody blue shirt (**Evidence item #12**) that had been cut apparently by paramedics. To the east of the blood drops, on the bedroom floor near the east wall, detectives observed a Defibrillator Kit (**Photographic Evidence item #C**).

On the bedroom floor, in the northeast corner against the east wall, detectives recovered a large kitchen knife (**Evidence item #10**).

Against the north wall of the bedroom to the west of the sliding bedroom door, detectives observed two stacked plastic bins. Detectives observed an entry bullet hole (**Photographic Evidence item #PT-D**) to the upper plastic bin, on the east side of the bin. Detectives recovered a spent bullet (**Evidence item #14**) from inside the top plastic bin.

Atop the plastic bin was a flat-screen television. Detectives observed an entry bullet hole (**Photographic Evidence item #PT-E**) at the rear of the television. There was a corresponding bullet exit hole (**Photographic Evidence item #PT-E**) on the front of the television.

The apartment unit's bathroom is accessed by a short hallway on the east wall of the bedroom. There was nothing of note in the bathroom.

Detectives contacted the Harding Avenue apartment complex manager, [REDACTED] [REDACTED] [REDACTED] downloaded video surveillance footage from the apartment complex's video surveillance system onto a thumb-drive. Detectives viewed the video surveillance camera footage. Two cameras in the hallway were directed towards unit # [REDACTED] entry door and captured portions of the shooting incident.

PRELIMINARY INVESTIGATION:

On October 12, 2017, Sergeants [REDACTED] and [REDACTED] were detailed to respond to [REDACTED] Harding Avenue, in the city of San Fernando, to investigate the circumstances surrounding the officer involved shooting of Suspect [REDACTED], MH. The shooting occurred inside Apartment [REDACTED] 1 of [REDACTED] Harding Avenue, in the city of San Fernando. The apartment complex is also referred to as the "Harding Apartments." Investigators [REDACTED] and [REDACTED] were assigned to assist with the investigation.

Upon their arrival, investigators were briefed by San Fernando Police Department Officer [REDACTED] #10281, Unit 1L25 / Dayshift, regarding the chain of events that culminated in the officer involved shooting. Officer [REDACTED] stated officers responded to the location regarding a radio call of a domestic violence in progress. Officers contacted the manager, [REDACTED], who identified himself as the informant on the call and he escorted the officers to apartment [REDACTED]. Officers knocked on the door and Suspect [REDACTED] refused to open the door. Suspect [REDACTED] was agitated and told the officers to leave. Fearing for the safety of the female resident, officers attempted to gain entry by using a master key provided by the manager. Officers were unsuccessful with the key as it appeared Suspect [REDACTED] had manipulated the locking device.

Officers used a battering ram to force entry into the apartment. Once inside, officers saw Suspect [REDACTED] holding a large kitchen knife. Suspect [REDACTED] refused to comply with commands to drop the knife and an officer involved shooting occurred.

Los Angeles City Fire, Rescue 91, under the direction of Captain [REDACTED] responded, provided treatment to Suspect [REDACTED] at the scene for multiple gunshot wounds and transported him to Providence Holy Cross Medical Center. Suspect [REDACTED] was pronounced deceased by Doctor [REDACTED] on October 8, 2017, at 1159 hours.

INTERVIEW WITH VICTIM [REDACTED]:

On October 8, 2017, at approximately 1700 hours, Sergeants [REDACTED] and [REDACTED] contacted Victim [REDACTED] in a conference room at San Fernando Police Station. Victim [REDACTED] was escorted to an interview room and asked if she had any injuries. Victim [REDACTED] said, "No." Sergeant [REDACTED] asked Victim [REDACTED] about a red spot on the back of her head. Victim [REDACTED] confirmed Suspect [REDACTED] grabbed her by the back of her head, but was not aware there was a red mark. Forensic Identification Specialist [REDACTED] photographed the injury to Victim [REDACTED].

On October 8, 2017, at approximately 1722 hours, Sergeants [REDACTED] and [REDACTED] interviewed [REDACTED] in an interview room at San Fernando Police Station. Also present during the interview were Deputy District Attorney [REDACTED], from the Justice System Integrity Division of the Los Angeles County District Attorney's Office, and Senior Investigators [REDACTED] and [REDACTED] from the Bureau of Investigations of the Los Angeles County District Attorney's Office. The interview was audio recorded and the following is a summary:

Victim [REDACTED] stated she was living at [REDACTED] Harding Avenue, Apartment # [REDACTED] with Suspect [REDACTED]. Victim [REDACTED] has known Suspect [REDACTED] for over twenty years, but has only been living with him for the last three years at the apartment. Prior to moving in together, Suspect [REDACTED] was homeless and she was living with her mother. Victim [REDACTED] admitted she has been diagnosed with bi-polar disorder and currently takes Lithium and Abilify daily and Ambien as needed.

Victim [REDACTED] stated Suspect [REDACTED] has also been diagnosed with bi-polar disorder and Post Traumatic Stress Disorder (PTSD). She stated Suspect [REDACTED] was an Army Veteran and during his military service claimed to have shot thirty one people in Germany. Victim [REDACTED] stated Suspect [REDACTED] has medication next to the bed and was supposed to take them, but has not taken any for the last two days. Suspect [REDACTED] told her he was okay without them. Victim [REDACTED] stated Suspect [REDACTED] has been acting differently for the last three months. Suspect [REDACTED] started talking to himself and talking to the walls. Victim [REDACTED] believed Suspect [REDACTED] was hearing voices.

21

Victim [REDACTED] stated on Sunday, she woke up around 7:30 AM and was in the living room watching television. Suspect [REDACTED] [REDACTED] woke up around 10:00 AM and sat next to her on the couch. Suspect [REDACTED] [REDACTED] was only wearing jeans and socks. At approximately 10:30 AM, Victim [REDACTED] went into her bedroom to take a shower. Suspect [REDACTED] started talking to himself stating he was going to shoot this person, that person, stab this person. Suspect [REDACTED] also stated he was going to kill all of Victim [REDACTED] family and then his family. Victim [REDACTED] told investigators he has been making those threats for the last three months. Victim [REDACTED] stated she was frustrated and tired of hearing Suspect [REDACTED] talking that way so she told him, "Why don't you do it," and started to walk toward the bathroom to take a shower.

Suspect [REDACTED] blocked her path and intentionally bumped her with his stomach and chest. Suspect [REDACTED] said, "Get the fuck out of here, get the fuck out of my way, and if you don't bitch, I'm going to do something to you." Victim [REDACTED] said, "No you are not, because you never had." Victim [REDACTED] told Suspect [REDACTED] she was going to call the cops. Suspect [REDACTED] got mad and put on a shirt and a pair of shoes as if he was getting ready to leave. Suspect [REDACTED] then grabbed her hair with his right hand and began shaking her head. Victim [REDACTED] screamed in pain and yelled, "Somebody help me, somebody help me, somebody call 911." Her yelling for help made Suspect [REDACTED] "more mad," and he said, "Nobody is going to hear you, nobody is going to hear you."

Suspect [REDACTED] dragged her to the bathroom, threw her into the bathroom, and closed the door. Victim [REDACTED] got undressed and started to take a shower. While in the shower, she heard banging and thought it was Suspect [REDACTED]. She came out of the shower prior to finishing and as she opened the bathroom door, she could hear the police officers radios. As Victim [REDACTED] exited the bathroom door, she saw three flashes and heard three gunshots. Victim [REDACTED] saw Suspect [REDACTED] lying on his back on the ground holding the left side of his chest with one hand. She could hear Suspect [REDACTED] moaning and groaning.

Initially officers told her to go back into the bathroom, but she did not listen, so they had her come out of the bedroom and escorted her to the hallway. Victim [REDACTED] stated the officers were obvious police officers because of their uniforms, badges, and holsters.

Sergeant [REDACTED] asked Victim [REDACTED] if she saw [REDACTED] with a knife or heard the officers tell Suspect [REDACTED] to drop the knife. Victim [REDACTED] stated she did not see him with a knife, but if he had a knife it would be a large knife with a brown handle

from the kitchen. Victim [REDACTED] described the knife as being approximately 12" in length with a brown handle and a silver blade.

Victim [REDACTED] stated Suspect [REDACTED] has previously used methamphetamine and also had a problem with heroin in the past. Victim [REDACTED] believes he was only using marijuana and alcohol lately. Victim [REDACTED] stated he also has been acting erratic lately, talking to himself, and staying up all night shouting at no one.

Victim [REDACTED] stated Suspect [REDACTED] was paranoid and used a black strap around the front door lock to prevent the lock bolt from turning. She stated the strap prevents a key from unlocking the door. Suspect [REDACTED] would use the strap every day, all day as added safety to keep anyone from entering the apartment.

At approximately 1808 hours, the interview was concluded.

INTERVIEW WITH WITNESS [REDACTED]

On October 8, 2017, at approximately 1828 hours, Sergeants [REDACTED] and [REDACTED] interviewed Witness [REDACTED] in an interview room at San Fernando Police Station. Also present during the interview were Deputy District Attorney [REDACTED] from the Justice System Integrity Division of the Los Angeles County District Attorney's Office, and Senior Investigators [REDACTED] and [REDACTED] from the Bureau of Investigations of the Los Angeles County District Attorney's Office. The interview was audio recorded and the following is a summary:

Witness Galdamez stated he was the apartment manager for [REDACTED] Harding Avenue and also lived there. Witness [REDACTED] has known [REDACTED] (Suspect [REDACTED]) and [REDACTED] (Victim [REDACTED]) for approximately 2 ½ years and would talk to them on occasion. Witness [REDACTED] noticed in the past few weeks Suspect [REDACTED] had been acting differently. Witness [REDACTED] spoke to Victim [REDACTED] and she stated Suspect [REDACTED] was acting weird and was arguing with imaginary people.

Witness [REDACTED] stated he was present on a previous occasion outside of Suspect [REDACTED] apartment when the police were there. The police were called by Suspect [REDACTED] regarding a male that was outside his apartment door and wanted to kill him. Suspect [REDACTED] refused to open the door, but since he was the one that called and there did not appear to be any evidence of a crime, the officers left. Witness [REDACTED] reviewed the video surveillance system and discovered the video did not show anyone outside Suspect [REDACTED]'s apartment.

Witness [REDACTED] stated on today's date (October 8, 2017), he was getting ready to leave his apartment when two tenants, [REDACTED] [REDACTED] (Witness [REDACTED] and [REDACTED] (Witness [REDACTED]), knocked on his door. Witness [REDACTED] told Witness [REDACTED] the neighbor downstairs (referring to Suspect [REDACTED]) was beating his wife. Witness [REDACTED] went downstairs and pushed the doorbell. Witness [REDACTED] heard Suspect [REDACTED] come to the door and start banging on it from the inside. Witness [REDACTED] heard Victim [REDACTED] say, "[REDACTED] calm down, stop banging on the door." Witness [REDACTED] heard Suspect [REDACTED] tell her to shut the fuck up. Witness [REDACTED] also heard Suspect [REDACTED] tell him, "Fuck you, get the fuck away from here, you mother fucker, I'm not opening the door." Witness [REDACTED] stated he walked down the hallway and called 911.

Witness [REDACTED] stated he met the police downstairs and as they went up the elevator, he told the police the male was a war veteran that suffered from PTSD and was beating his wife. Witness [REDACTED] saw officers knock on Suspect [REDACTED] door and identify themselves as San Fernando Police Department. Witness [REDACTED] heard Suspect [REDACTED] come to the door and shout, "Shut the fuck up, you mother fuckers, fuck the police." Witness [REDACTED] told the officers he had a master key and handed the key to one of the officers. As the officers unlocked the bottom lock, he could hear the top lock being locked again, so they were not able to open the door.

Witness [REDACTED] stated he had a second master key and left momentarily to get the key from his apartment. Witness [REDACTED] stated even when they were using both keys, they were not able to open the door and it seemed like Suspect [REDACTED] was holding the levers on the inside to prevent the keys from turning.

Witness [REDACTED] was asked if he was sure he heard the wife inside. Witness [REDACTED] told the officers, both he and the neighbor heard the wife. Witness [REDACTED] stated they called for a battering ram and the officers told Witness [REDACTED] they needed to break down the door. Witness [REDACTED] asked if he could record them breaking the door since Suspect [REDACTED] would be responsible for the damage. One of the officers agreed and handed him a cellphone and asked if he would record from his cellphone too.

Witness [REDACTED] stated after the officer pounded on the door with the ram approximately seven times, the door cracked. Witness [REDACTED] stated he could hear Suspect [REDACTED] yelling, screaming, and going crazy inside. After the door was kicked down, he saw the police move into the apartment with guns drawn and one officer was armed with a Taser.

Witness [REDACTED] heard the officers giving instructions to get down on the ground. Witness [REDACTED] could not see what was happening, but heard three to four gunshots. Witness [REDACTED] could hear Suspect [REDACTED] moaning and groaning in pain. Witness [REDACTED] estimated the time between the officers making entry into the apartment and the gunshots was approximately five seconds.

Witness [REDACTED] saw Victim [REDACTED] come out of the apartment in a towel and her hair was wet. Witness [REDACTED] asked Victim [REDACTED] if Suspect [REDACTED] hurt her. Victim [REDACTED] said, "Yes," and stated [REDACTED] had bumped her and grabbed her by the hair, yanked her, and pushed her into the bathroom.

Witness [REDACTED] heard one of the officers request a first aid kit. Witness [REDACTED] used his cellphone to call for an ambulance and was told they were already on their way. Witness [REDACTED] saw the ambulance arrive and transport Suspect [REDACTED] to the hospital.

Witness [REDACTED] stated he checked his cellphone to verify if the video recorded but did not review it. Witness [REDACTED] provided a copy of the video to investigators which will be placed in the investigative file.

At approximately 1910 hours, the interview was concluded.

VIDEO SURVEILLANCE:

On October 9, 2017, Sergeants ██████████ and ██████████ reviewed the video surveillance obtained from Officer ██████████ cellphone, Witness ██████████ cellphone, and the ██████████ surveillance system.

The video from Officer ██████████ cellphone and Witness ██████████ cellphone were from similar perspectives because Witness ██████████ was holding both cellphones while recording the incident. Neither video captured Suspect ██████████ inside the apartment.

Investigators reviewed the recording on Officer ██████████ cellphone labeled **20171008_111502.MP4** and noted the video did not have a timestamp. The length of the video was two minutes and seventeen seconds. The video started with Officer ██████████ hitting the door to apartment #██████████ with a ramming device and ended after Victim ██████████ exited the apartment.

The video captured a male voice yelling, "Get out of here," "Get the fuck out, going to kill my ass." The male voice also can be heard saying, "Mother fucking assholes, assholes, fuck you." The video captured Officer ██████████ spraying a burst of OC spray into a hole in the door caused by the ramming device and Sergeant Ventimiglia kicking the door inward. The video captured Sergeant Ventimiglia entering the apartment followed by Officer Simonzad, Officer ██████████ and Officer Pak.

As the officers enter, a male voice can be heard saying, "Let me see your hands," and another male voice can be heard saying, "He's got a knife." A third male can be heard yelling, "Shoot me." The video captured the sound of approximately five gunshots followed by a male voice moaning and screaming. The video captured Officer ██████████ broadcasting "shots fired" on his handheld radio. Officer ██████████ then directed Officer ██████████ to request an ambulance and retrieve a defibrillator.

The video captured Victim [REDACTED] exiting the residence and telling Witness [REDACTED] that Albert was getting crazy. Victim [REDACTED] told Witness [REDACTED] "He grabbed my hair and said, 'Get away from me bitch. Get away from me.'" The video ended after she made those statements to Witness [REDACTED]

Investigators reviewed the cellphone video received from Witness [REDACTED] and noted two separate files. The recording labeled **20171008_110817.MP4** did not have a timestamp and was approximately one minute and four seconds in length. The video started with Officers [REDACTED] Simonzad, [REDACTED] and Sergeant Ventimiglia in the hallway near apartment #301. The video captured a male voice, presumably Suspect [REDACTED] saying, "Kick it in, be ready to die you son of a bitch." Officer [REDACTED] attempted to unlock the door but was unsuccessful. The video ended as Witness [REDACTED] left to retrieve a second master key.

Investigators reviewed the recording labeled **20171008_111437.MP4** and noted the video did not have a timestamp and was approximately three minutes and thirty eight seconds in length. The video was similar to the video retrieved from Officer Simonzad's cellphone, however the video started moments before Officer Simonzad hands his phone to Witness [REDACTED] and ended after Victim [REDACTED] and Witness [REDACTED] move into the third floor lobby area.

Investigators reviewed the surveillance video obtained from the [REDACTED] surveillance system and noted ten separate files. There were two different channels that captured the incident. One channel was labeled Channel 19 and the other was labeled Channel 23. All ten videos were timestamped, with the most relevant videos being **Channel19_20171008111400** and **Channel23_20171008111347**.

Channel 19 captured three separate angles with one angle facing west toward the front door of apartment [REDACTED]. Channel 23 captured three separate angles with one angle capturing the third floor lobby and one angle facing north capturing the north/south hallway to the east of apartment [REDACTED]. Neither channel captured Suspect [REDACTED] inside his apartment.

The following is a brief timeline of events captured by the surveillance videos:

11:13:58 – Officers arrive on the floor with the manager

11:14:04 – Officers begin knocking on the door

11:15:17 – Officer kicks the door

11:16:10 – Stickers are placed over the two peep holes

11:16:53 – Officer attempts to unlock the door

11:18:27 – Officers enter the apartment to the north

11:18:53 – Officer-kicks door again

11:20:42 – Additional officers arrive

11:21:24 – Officer begins to hit door with ramming device

11:21:51 – Officer sprays OC through the hole in the door

11:21:55 – Sergeant kicks door and all officers enter

11:22:05 – Officer appears to be broadcasting on radio

11:22:44 – Victim [REDACTED] exits the apartment in a towel

Based on the above, it appeared the officers attempted to gain entry into the apartment for approximately eight minutes. During that time, officers knocked on the door, kicked the door, and used a ramming device on the door. Once the door was forced open, it appeared the officer involved shooting occurred in less than ten seconds.

On October 10, 2017, at approximately 1127 hours, Sergeant [REDACTED] received an email from San Fernando Police Department Detective [REDACTED] containing a video file. The email indicated the video was received from [REDACTED] who lived on [REDACTED] across the street from the apartments.

Sergeants [REDACTED] and [REDACTED] reviewed the video file and noted the video was approximately 5 minutes and 11 seconds. The perspective was from the west side of [REDACTED] facing east. Loud banging can be heard followed by a male voice saying, "They are in." Moments later a volley of gunshots could be heard. A copy of the video was placed on a computer disc and was placed in the investigative file.

Officer Simonzad could hear a male in the apartment yelling, "You're gonna have to fucking kill me, I'm gonna take you down," Officer Simonzad tried to get the male to open the door by saying, "We're here to help, we're not here to hurt you, just

open the door so we could talk." Officer Simonzad stated the male refused to open the door and continued to curse at them. Officer Simonzad told investigators he was concerned for the safety of the female and because he could not hear her voice, they decided they needed to make entry.

Sergeant Ventimiglia directed Officer [REDACTED] to use a ramming device to gain entry into the apartment. Officer [REDACTED] was being represented by Attorney [REDACTED] from the Law Offices of Stone Busallah, LLP. The interview was audio recorded and the following is a summary of the interview:

Officer [REDACTED] stated on October 8, 2017, he was working overtime at the swap meet with Officer Pak from 0900 hours to 1500 hours. Officer [REDACTED] heard units get dispatched to [REDACTED] Harding Avenue regarding a 273.5 in progress. Officer [REDACTED] understood that call to be a felony domestic battery in progress. Officer [REDACTED] heard officers broadcast the suspect was not cooperating and would not open the door. Officer [REDACTED] told Officer Pak he did not have a good feeling about the situation and they chose to leave the swap meet detail and respond. Officer [REDACTED] stated they were close to the apartments and were only about one minute away.

As they arrived at the location, Sergeant Ventimiglia requested over the radio they bring the breaching tools up. Officer [REDACTED] retrieved the backpack containing the ram from Sergeant Ventimiglia's vehicle and met Officer Pak at the apartment entrance door. They made entry into the building and took the stairs up to the third floor. As they entered the hallway, Officer [REDACTED] saw officers to the left.

Officer [REDACTED] told investigators, he heard Officer [REDACTED] Officer Simonzad, and Sergeant Ventimiglia pleading with the male to open the door so they could talk. Officer [REDACTED] heard a male voice say, "Fuck you guys, you can't come in." Officer [REDACTED] stated he was briefed by Sergeant Ventimiglia about the status. Officer [REDACTED] asked Sergeant Ventimiglia if he wanted him to use the ram to try and open the door. Sergeant Ventimiglia said, "Yes, we need to breach it."

Officer [REDACTED] stated after Officer [REDACTED] was unsuccessful at unlocking the door, he prepared to use the ram. Before striking the door, the manager asked if he could record the use of the ram because the subject would be liable for any damage. Officer [REDACTED] handed the manager his cellphone and asked him to record the incident with his camera too.

Officer [REDACTED] stated he used the ram, described as a metal cylinder device with a handle weighing approximately 10-20 pounds, to hit the door about 4 or 5 times until the deadbolt popped off causing a hole in the door. Officer [REDACTED] utilized his pepper spray and sprayed it into the hole. Officer [REDACTED] heard a male cough and heard footsteps away from the door. Officer [REDACTED] threw the ram down and transitioned to his firearm. Sergeant Ventimiglia kicked the door open and went inside. Officer [REDACTED] stated he walked into the apartment and went to the left. Once inside, he saw the suspect standing in the door frame between the living room and bedroom. The suspect was approximately ten to twelve feet away from him. The suspect was holding a large metal knife, later described as 14" long and sharp, in his right hand. The suspect's arm was pulled back as if he was going to throw the knife at them.

Officer [REDACTED] and Sergeant Ventimiglia told the suspect to "Drop the knife." Officer [REDACTED] stated the lighting conditions were dim but behind the suspect it was bright. The suspect appeared mad and was shouting in an irate voice. Believing the suspect was going to throw the knife at him or Sergeant Ventimiglia, Officer [REDACTED] transitioned his finger from the slide to the trigger. Fearing for their safety, he began to pull the trigger. Suddenly he saw the back of another officer's head come in front of his sight picture and released the trigger as to not shoot one of the other officers. Officer [REDACTED] heard four to five gunshots coming from his right. Officer [REDACTED] heard one of the other officers broadcast shots fired.

Officer [REDACTED] approached the suspect and saw blood oozing out the right side of his chest. Officer [REDACTED] noticed the knife had landed about three to five feet east of his head. Officer [REDACTED] heard Officer [REDACTED] tell Officer [REDACTED] to go get the defibrillator and heard Sergeant Ventimiglia request the fire department to respond.

Officer [REDACTED] saw a female in a blue towel exit the bathroom and come toward the officers. Officer [REDACTED] escorted the female out of the bedroom into the hallway. Officer [REDACTED] saw the manager and retrieved his cellphone from him. Officer [REDACTED] told the manager and the female to wait by the elevators. Officer [REDACTED] saw Los Angeles City Fire arrive and directed them to the apartment. Officer [REDACTED] stated LA City Fire rendered aid and then transported the suspect to the hospital. Officer [REDACTED] stated at the hospital, he observed four gunshot wounds between the suspect's chest and navel.

Officer [REDACTED] stated he watched the video that was on his cellphone, but his recollection of the incident was from memory and not from what he saw on the video. Per his department policy, he downloaded the video onto a disc and gave it to Detective Bureau Lieutenant [REDACTED]

At approximately 1556 hours, the interview was ended.

INTERVIEW WITH OFFICER [REDACTED]

On October 10, 2017, at approximately 1607 hours, Sergeants [REDACTED] and [REDACTED] conducted an interview with Officer [REDACTED] #10281, inside an interview room at San Fernando Police Station. Officer [REDACTED] was being represented by Attorney [REDACTED] from the Law Offices of Stone Busailah, LLP. The interview was audio recorded and the following is a summary of the interview:

Officer [REDACTED] stated on October 8, 2017, he was working 1L25 from 0545 hours to 1800 hours. On that date, Officer [REDACTED] was wearing a blue uniform with San Fernando patches on the left and right arm, a metal badge over his left breast, a name plate over his right chest, blue pants, black boots and a nylon gun belt with a drop down holster. On his gun belt, Officer [REDACTED] had two magazines, his cellphone, two cuff cases, a collapsible asp, a radio holder with radio, and a keyring with a hobble attached. Officer [REDACTED] had pepper spray and a small knife attached to his drop down holster. Officer [REDACTED] stated he was carrying a .45 caliber, department issued Glock handgun.

Officer [REDACTED] stated he was working a one person unit and was assigned as the backing unit on a 273.5 in progress at [REDACTED] Harding Avenue, apartment # [REDACTED] and Officer Simonzad was the handling unit. The call stated the R/P (reporting party) heard a female yelling for help. The R/P was the manager and knew the male had PTSD.

Officer [REDACTED] drove to the location from the north in tandem with Officer [REDACTED] and parked north of the apartment complex on [REDACTED]. Officer [REDACTED] noticed Officer [REDACTED] arrived at the location from the south and the three of them approached the front door on foot. As they walked up to the door, Officer [REDACTED] noticed Sergeant Ventimiglia park in front of the apartment complex and walk up to them.

Officer [REDACTED] stated they all gathered at the door and met the manager. The manager stated there was domestic violence occurring upstairs in # [REDACTED]. The manager stated he heard a female yell for help and knocked on the door. The male would not open the door so he called the police. Manager stated he was extremely concerned for the safety of the female.

Officer [REDACTED] stated they went upstairs and the manager directed them to the left. Officer [REDACTED] stated they approached apartment # [REDACTED] and he helped Officer Simonzad knock on the door. Officer [REDACTED] stated the male on the inside refused to open the door and yelled "Go fuck off." Officer [REDACTED] and Officer Simonzad continued to knock on the door and identify themselves as San Fernando Police Department. The male said, "Go fuck off, you're not coming inside." Officer [REDACTED] heard another officer tell the male they were going to break down the door. The suspect said, "Do whatever the fuck you want, you are not coming in."

Officer [REDACTED] heard Sergeant Ventimiglia request the X-ray unit, Officers [REDACTED] and Pak to respond. Officer [REDACTED] heard on the radio they were already there and Sergeant Ventimiglia asked them to bring the ram.

Officer [REDACTED] stated the manager handed him a key to unlock the door. Officer [REDACTED] attempted to unlock the door, but noticed there was resistance while turning the key and he was unable to open the door. Officer [REDACTED] believed the male was on the other side holding the lock. Officer [REDACTED] covered the peepholes on the door with stickers and another officer tried to unlock the door. Officer [REDACTED] stated the manager brought a second key, but they were still unable to open the door. Officer [REDACTED] heard the male say, "You are not coming in, come and get me." Officer [REDACTED] stated one key partially snapped in the top lock.

Prior to Officer [REDACTED] ramming the door, Officer [REDACTED] stated the manager confirmed there was a female inside yelling for help. Sergeant Ventimiglia directed Officer [REDACTED] to ram the door. Officer [REDACTED] stated the manager asked to record the incident with his cellphone at which time Officer [REDACTED] handed his cellphone to the manager and asked him to record it as well. Officer [REDACTED] stated he took two photographs of the closed door from his cellphone.

Officer [REDACTED] began to ram the door and Officer [REDACTED] stated the suspect continued to yell and shout. Officer [REDACTED] saw the door opened slightly about an inch and a half. Officer [REDACTED] could still hear the male was close to the door, so he deployed a three second burst from his pepper spray through the opening in the door. Officer [REDACTED] heard the male scream and the voice moved away from the door.

Sergeant Ventimiglia kicked the door wide open and Officer [REDACTED] followed Officer Simonzad, Sergeant Ventimiglia, Officer [REDACTED] and Officer Pak into the apartment. Officer [REDACTED] followed Officer [REDACTED]. Officer [REDACTED] stated the bedroom had natural light coming from the window, but the living room was dark due to the sliding door and blinds being closed. The suspect was standing in the doorway between the living room and the bedroom. Officer [REDACTED] shifted to the right of the officers but his visibility of the suspect was limited and he could only see the suspect's shoulders and head.

Officer [REDACTED] heard Sergeant Ventimiglia yell out "He has a knife," and heard other officers' say, "Drop the knife." Officer [REDACTED] heard additional commands to drop the knife then heard two to three shots coming from the officers in front of him. Officer [REDACTED] heard the suspect collapse to the ground. Officer [REDACTED] approached with the other officers and saw the suspect lying on his back in the bedroom. Officer [REDACTED] saw a knife less than two to three feet on the floor above the suspect's head. The knife was near the wall and the dresser.

Officer [REDACTED] heard multiple officers attempt to broadcast over the radio that shots were fired. Officer Yoo announced he would be the primary on the radio and walked outside the front door to notify dispatch. Officer [REDACTED] saw a female with wet hair covered in a green towel exit the apartment. The female was asking what happened. Officer [REDACTED] escorted the female to the benches by the elevator. Officer [REDACTED] stated he ordered Officer [REDACTED] to get the defibrillator with the air valve. Officer [REDACTED] told investigators he opened the defibrillator's package but since the suspect was still breathing it was not used. Officer [REDACTED] stated Los Angeles City Fire rescue responded, treated the male at the scene, and subsequently transported him to the hospital.

Officer [REDACTED] stated due to the exigency of the circumstances, they did not have time to wait for a SWAT team and needed to make quick entry to check the welfare of the victim.

Officer [REDACTED] stated he had not seen any videos from the incident and the interview was based on his recollection from his memory.

Officer [REDACTED] forwarded the two photographs he took of the closed door and they will be made a permanent part of the file.

INTERVIEW WITH OFFICER [REDACTED]

On October 10, 2017, at approximately 1726 hours, Sergeants [REDACTED] and [REDACTED] conducted an interview with Officer [REDACTED] #10387, inside an interview room at San Fernando Police Station. Officer [REDACTED] was being represented by Attorney [REDACTED] from the Law Offices of Stone Busailah, LLP. The interview was audio recorded and the following is a summary of the interview:

Officer [REDACTED] stated on October 8, 2017, he was working 1L21. On that date, Officer [REDACTED] was wearing a police uniform described as a blue uniform shirt with San Fernando Police patches on each shoulder, a metal badge over his left breast, a name plate over his right chest, blue pants, black boots and a gun belt. Officer [REDACTED] stated on his gun belt he had a pouch with gloves, gun, two cuff cases, expandable baton, radio, hobble, keys, magazine, and OC spray.

Officer [REDACTED] stated he was driving around on the north side of the city when he heard a call of a domestic violence in progress at [REDACTED] Harding Avenue, apartment # [REDACTED]. Officer [REDACTED] added himself to the call and responded to the location. Officer [REDACTED] stated he followed Officer [REDACTED] south on Harding Avenue and parked behind him. Officer [REDACTED] saw Officer Simonzad arrive from the south and the three of them walked up to the front entrance. They met the manager at the front door of the apartment building and the manager told the group, he heard yelling in the apartment, the person was a war veteran with PTSD and he attempted to contact the male but was unsuccessful.

Officer [REDACTED] stated they went up to the third floor and to the apartment. Officer Simonzad knocked on the door and said, "Hey open the door." Officer [REDACTED] heard the male on the inside start screaming, "Fuck you, if you come in, I'm going to kill you." Officer Simonzad announced it was the police. The male continued to shout, "Fuck you, if you come in I'm going to hurt you, I'm going to kill you." Officer [REDACTED] stated the only voice he could hear was a male which caused concern because there was

supposed to be a female inside. Officer [REDACTED] did not know if the female needed medical attention or was already dead, so they attempted to make entry to check on her welfare.

Officer [REDACTED] stated the manager came with keys, handed them to another officer, and the officer tried to open the door but was unsuccessful. Officer [REDACTED] stated it appeared someone on the inside was turning the lock back to secure it after the key was turned.

Sergeant Ventimiglia requested over the radio for Officers [REDACTED] and Pak to respond. They radioed they were already at the location. Sergeant Ventimiglia requested they bring the ram up to them. Officer [REDACTED] stated Officers [REDACTED] and Pak arrived with ram.

At some point, Sergeant Ventimiglia asked if anyone had any tape to put over the peepholes of the door. Officer [REDACTED] had junior officer badge stickers that he gave to another officer and the stickers were placed over the peepholes. Officer [REDACTED] also went onto the neighbor's balcony to gain a view into apartment [REDACTED] but the door and blinds of # [REDACTED] were closed so he could not see inside.

Officer [REDACTED] stated other officers continued to demand the male open the door, but he continued to refuse. Officer [REDACTED] stated the decision to use the ram was made and Officer [REDACTED] began to ram the door until the door knob and deadbolt fell inside. Officer Yoo took out his pepper spray and sprayed it through the lower opening where the door handle was.

Sergeant Ventimiglia kicked open the door and they all went inside. Officer [REDACTED] initially saw the suspect inside the room toward the left side, but once all the other officers in front of him stopped, he was not able to see the suspect anymore. Officer [REDACTED] stated because of the other officer's positioning he was only able to step inside the apartment a few feet. Officer [REDACTED] heard someone yell, "Knife," or "He has a knife." Officer [REDACTED] stated the male sounded aggressive and seemed upset. Officer [REDACTED] heard other officers giving commands and then heard two to three gunshots from in front of him. Officer [REDACTED] stated he did not shoot because the other officers were in front of him. Officer [REDACTED] heard another officer broadcast shots fired. The suspect fell backwards and the officers approached the suspect to get the knife and render air.

Officer [REDACTED] told Officer [REDACTED] to get the defibrillator. Officer [REDACTED] ran to car, retrieved the defibrillator and a box of gloves, and ran back upstairs. Officer [REDACTED] saw a female with a towel come out of the apartment. Officer [REDACTED] heard a request for Los Angeles City Fire to respond. Officer [REDACTED] put up crime scene tape and started a major incident log.

At approximately 1753 hours, the interview was ended.

INTERVIEW WITH WITNESS [REDACTED]

On December 13, 2017, at approximately 1405 hours, Sergeants [REDACTED] and [REDACTED] conducted an interview with Witness [REDACTED] inside the community room at the [REDACTED]. The interview was audio recorded and the following is a summary of the interview:

On Sunday, October 8, 2017, Witness [REDACTED] stated at 11 A.M. he opened the sliding glass door of his apartment and heard something coming from the apartment directly below his apartment. Witness [REDACTED] was familiar with the residents, Albert and [REDACTED]. Witness [REDACTED] heard Albert telling [REDACTED] to "Get over there," and to "Come out." Witness [REDACTED] stated it appeared [REDACTED] was in distress. Witness [REDACTED] heard [REDACTED] scream, "Owww, you are hurting me." [REDACTED] screams then escalated to, "Help, help, help, help."

Witness [REDACTED] stated [REDACTED] calls for help caused him concern because he had never heard them talk like that before. Witness [REDACTED] popped his head out onto his balcony but could not see into [REDACTED] apartment. Witness [REDACTED] described the incident as "hair-raising" so he knocked on the manager's door. When the manager did not open the door, Witness [REDACTED] went to his neighbor, [REDACTED] apartment. Witness [REDACTED] told [REDACTED] "Something is going on, come over and hear this."

Witness [REDACTED] and [REDACTED] went into his apartment and he could hear [REDACTED] yelling and ranting. Although Witness [REDACTED] could not make out what was being said, [REDACTED] voice was loud and angry. Witness [REDACTED] stated he could hear a female's voice in distress but not sure what she was saying. Witness [REDACTED] then described her screaming like "bloody hell" and there was an extremely loud scream for help.

Witness [REDACTED] asked [REDACTED] to call the manager, [REDACTED]. Witness [REDACTED] stated he did not think to call the police and his first impression was to contact the manager and let him handle it. Witness [REDACTED] stated he went back to the hallway with [REDACTED] and told [REDACTED] that something was going on in [REDACTED] and [REDACTED] apartment. Witness [REDACTED] stated he brought [REDACTED] into his apartment and let him hear the commotion. Witness [REDACTED] stated [REDACTED] left and went downstairs.

Witness [REDACTED] walked down the outside stairs to the third floor and heard [REDACTED] on the phone with the police. Witness [REDACTED] heard [REDACTED] state there was a commotion going on in the apartment, the man was sick, has PTSD, and asked if they would come. Witness [REDACTED] stated he went back inside his apartment and saw the police arrive about three to five minutes later.

Witness [REDACTED] told investigators he went back to the hallway and saw [REDACTED]. The two of them walked down the outside stairs and stood on the third floor landing to listen to what was going on. Witness [REDACTED] stated he heard knocking, and heard the officers calling to [REDACTED] to open the door and come outside. Witness [REDACTED] could not tell what [REDACTED] was saying but indicated whatever was happening, [REDACTED] was not complying. At one point, Witness [REDACTED] heard [REDACTED] tell the police to go away.

Witness [REDACTED] went back to his apartment and saw two officers go to the back of a police SUV and retrieve a large nylon bag. Witness [REDACTED] assumed there was a battering ram inside the bag, because after the officers brought the bag upstairs, the banging was much louder. Witness [REDACTED] stated he did not hear any commands from the officers nor did he hear Albert's voice before hearing 3-4 gunshots.

Witness [REDACTED] told [REDACTED] based on his life experiences, he knew they were going to shoot [REDACTED].

Witness [REDACTED] saw officers tape off the area, saw Los Angeles City Fire arrive, and saw [REDACTED] get transported by the ambulance. Witness [REDACTED] stated he remained home for approximately one hour then left to run errands.

██████: It is Tuesday, October 10, 2017, approximately 1227 hours.

Sergeant ██████ and Sergeant ██████ from Sheriff's Homicide. And we're investigating an incident that occurred on Sunday, October 8, 2017, under Sheriff file number 017-00108-3199-013. And also present is Sergeant ██████ Ventimiglia, who's being represented by?

██████ ██████, last name is spelled ██████, from the Law Offices of Stone and Busailah.

██████ Good afternoon, Sarge.

VENTIMIGLIA: How you doing?

██████ Good. Let's go back to October 8th, Sunday. What shift were you working?

VENTIMIGLIA: I was working assigned to team one, which is a patrol shift, 0545 hours to 1800 hours.

██████ 545 to 1800?

VENTIMIGLIA: Correct.

██████ Okay. And do you have a call sign when --

VENTIMIGLIA: Yeah, that -- I was assigned as the watch commander and my call sign was 1-Lincoln-30, 1L30.

1 [REDACTED] 1L30, okay. And as a watch commander, what is your duties for
2 that day, just general?

3 VENTIMIGLIA: I'm the -- I'm the field supervisor, I'm the station manager and
4 I'm also in charge of the jail.

5 [REDACTED] Okay. And so were you in uniform?

6 VENTIMIGLIA: Yes, full police uniform.

7 [REDACTED] And on October 8th, we actually described what you were wearing
8 on a previous interview during the round count and that was the uniform you were
9 wearing that day, correct?

10 VENTIMIGLIA: That's correct.

11 [REDACTED] Okay. And at some point, did you hear a call go out regarding
12 domestic violence of some sort?

13 VENTIMIGLIA: Yes, it was a domestic violence in progress call, 124 Harding,
14 apartment number 301. And it was a woman heard screaming and it sounded like the
15 walls were being banged into.

16 [REDACTED] Okay. And when you initially learned of this call, where were
17 you?

18 VENTIMIGLIA: I was sitting at the watch commander's desk typing up an
19 evaluation for one of my desk officers.

20 [REDACTED] Okay. And when a call like this goes out, did you learn it from
21 radio traffic or from somebody at the desk telling you, hey, there's a call coming out?

22 VENTIMIGLIA: No, it's from radio traffic. And, you know, as the watch
23 commander, I don't respond to, I would say, approximately 90 percent of the radio calls.
24 The officers handle most of them, but being -- given the nature of the fact that it was a

1 violent felony that was in progress, that could have some extenuating circumstances to
2 it, I decided to respond also.

3 [REDACTED] Okay. And so -- and so when you say the radio traffic, this is --
4 you have a dispatcher that voices this?

5 VENTIMIGLIA: That's correct. Yeah, I had two dispatchers working that day.

6 [REDACTED] Okay. And those dispatchers, are they assigned solely to San
7 Fernando Police Department?

8 VENTIMIGLIA: That's correct.

9 [REDACTED] Okay. They're not part of a multi-agency dispatch or anything like
10 that?

11 VENTIMIGLIA: No, they sit in our communications center, which is just across
12 the hall from the watch commander's office.

13 [REDACTED] Okay. And so in general, a phone call comes in to the desk. Can
14 you explain how that -- how it works?

15 VENTIMIGLIA: The desk officers field the phone calls. They will receive
16 information from whoever the reporting party is and then they will relay that information
17 to the officer in the field via the radio.

18 [REDACTED] And is that information, as it's being relayed or prior to being
19 relayed, is it typed up or is it -- it depends on the nature of the call?

20 VENTIMIGLIA: It should be typed up as it's happening, but again, given the
21 nature of the call, sometimes if something is, you know, life threatening, felony or
22 something like that, in progress, it'll get dispatched before it actually gets typed up in
23 there. So the dispatchers have to multitask and sometimes, it depends on experience
24 level, it depends on who's in there of how fast that information gets inputted into the

1 computer. Sometimes it's immediately upon them broadcasting it at the same time.

2 Sometimes there's a delay.

3 [REDACTED] Okay. And so just so I'm clear with terms and stuff like that,
4 when a phone call comes in to the station, who receives that phone call, what's that
5 person?

6 VENTIMIGLIA: The desk officer.

7 [REDACTED] Desk officer.

8 VENTIMIGLIA: Yeah.

9 [REDACTED] And does the desk officer -- let's say this was not life threatening.
10 They type up a call, they send it to the dispatch to be sent to officers or are they also
11 the dispatcher?

12 VENTIMIGLIA: No, they're also the dispatcher.

13 [REDACTED] Okay.

14 VENTIMIGLIA: They take the phone calls, they also relay the radio traffic, as
15 well as type in the information in the computer. Now, sometimes there's only one of
16 them. That would mean they had to do all of that and sometimes when there's two of
17 them, they can split that in half, depending on who -- what they've agreed to
18 beforehand.

19 [REDACTED] And these desk officers, they sit in the same room?

20 VENTIMIGLIA: Yes, there's three -- there's three terminals in the dispatch
21 center and so they'll sit either right next to each other or kind of across the room from
22 each other, but they are assigned to their own terminal.

23 [REDACTED] Okay. And so it's -- because they're in close proximity, one
24 dispatcher knows what the other dispatcher is typically typing in or knows what's going

1 on?

2 VENTIMIGLIA: Correct. They have the ability to communicate directly with each
3 other, just by talking like we are right now.

4 [REDACTED] Okay. So when you one of the dispatcher's voice this call, send it
5 to the officers out in the field, is it assigned a specific officer or is it whoever
6 acknowledges first.

7 VENTIMIGLIA: It's -- they assign -- they'll assign it to a specific officer. In this
8 case, they assigned two units because of what the nature is and we all -- everybody
9 working that day was working by themselves as an L unit. So they assigned two
10 officers to respond to the call and the -- I only had three officers and myself working.
11 So the third officer put them as a backing -- put themselves as a backing unit, as well,
12 just like I did.

13 [REDACTED] Okay. If you know, do you know what officers got the handle on
14 the call?

15 VENTIMIGLIA: I don't remember which two officers immediately got the
16 dispatch, but I did know that by the time that was done that I was going to respond also
17 and I was also going to assign the other unit to go if they didn't already key up and do
18 that, which they did shortly afterwards.

19 [REDACTED] Okay. Prior to leaving the station -- from the time that you heard
20 the initial dispatch go out, how long before you left the station?

21 VENTIMIGLIA: Probably within 30 seconds to a minute.

22 [REDACTED] Did you stop by dispatch to see if they had any additional
23 information?

24 VENTIMIGLIA: I did not.

1 [REDACTED] Okay. Is that -- if they had additional information, would they
2 usually broadcast that so everybody hears anyways?

3 VENTIMIGLIA: Yes. It wouldn't be -- it wouldn't be helpful for them just to give
4 that to me. They should put that over the radio.

5 [REDACTED] Okay.

6 VENTIMIGLIA: And both the dispatchers that I have on my shift, one has been
7 here longer than me, so I don't know how much longer, that'd be Desk Officer [REDACTED]
8 She's been here at least ten years. And Desk Officer [REDACTED] is at least nine years.
9 So they've both been here long enough to know that.

10 [REDACTED] Okay. Do you know, was this a code three response?

11 VENTIMIGLIA: It could have been, but -- and I was going to upgrade to a code
12 three response, but because our city is slow small, sometimes by the time you get the
13 information out, the officers are pretty close to being on scene and that was the case
14 with this. Shortly after they put it out, the officers acknowledged, the other officer
15 comes up and says he's backing. Somebody was there almost immediately. It's -- that
16 location is only a couple blocks from the station.

17 [REDACTED] Okay. So you drive to this location. What kind of vehicle were
18 you in?

19 VENTIMIGLIA: I was the in SUV. It's Shop-30 and we only have one SUV like
20 that that's in service and it specifically as the number 30 on the top of it. That's the
21 watch commander vehicle.

22 [REDACTED] And this is a -- it's an SUV you said?

23 VENTIMIGLIA: Yeah.

24 [REDACTED] What is a --

1 VENTIMIGLIA: A Ford, but I'm not sure what specific name it is. I don't know if
2 it's like a police interceptor or what specific --

3 [REDACTED] It is -- it's black-and-white?

4 VENTIMIGLIA: That's correct.

5 [REDACTED] It has logos on the doors and the trunk that say San Fernando
6 Police?

7 VENTIMIGLIA: That's correct.

8 [REDACTED] Does it have an overhead light bar?

9 VENTIMIGLIA: Yes, it does.

10 [REDACTED] Okay. And has forward-facing -- which has the forward-facing
11 red?

12 VENTIMIGLIA: That's correct.

13 [REDACTED] Is it equipped with a siren?

14 VENTIMIGLIA: Yes.

15 [REDACTED] Do you remember if, as you responded there, did you have your
16 lights and siren on?

17 VENTIMIGLIA: I did not.

18 [REDACTED] Okay. And sometimes that's for tactical reasons?

19 VENTIMIGLIA: That's correct, because that -- again, only being a couple blocks
20 from the station, it's one neighborhood over, so as soon as you cross McClay Street,
21 which is right here, you're actually in that neighborhood.

22 [REDACTED] And you're pointing at this general direction to your left?

23 VENTIMIGLIA: Yeah, so the way -- if I can orient the way that we say our
24 directions, north is that way, it's towards your partner, Sergeant [REDACTED] East would be

1 towards my attorney. South would be towards me and then west would be towards you.

2 [REDACTED] So 1st Street runs typically east/west?

3 VENTIMIGLIA: That's correct.

4 [REDACTED] Okay. So you head westbound on 1st, you get to Harding and do
5 what?

6 VENTIMIGLIA: I see my officers have -- they've kind of parked their vehicles
7 kind of off-set from the location, but they're already walking up and kind of making their
8 way towards the front door of the location.

9 [REDACTED] Are they parked south or north of the apartment complex?

10 VENTIMIGLIA: There was one unit that was parked south and two units that
11 were parked north.

12 [REDACTED] Okay. And so when -- and you said they were walking towards
13 the apartment?

14 VENTIMIGLIA: That's correct, from different directions.

15 [REDACTED] Okay. And what did you do?

16 VENTIMIGLIA: I actually pulled up kind of closer towards the front of the
17 apartment, right there by where they were standing, and came out and joined them.

18 [REDACTED] Okay. And why did you -- why'd you choose to park closer?

19 VENTIMIGLIA: Because my vehicle has additional equipment in it and because
20 of what the nature of the call was, I thought some of that equipment might be necessary
21 during the incident. So the closer that vehicle is, the easier it's going to be for us to get
22 it.

23 [REDACTED] Okay. And as you parked, where did you meet up with your
24 officers?

1 VENTIMIGLIA: By the sidewalk right in front of the complex, so kind of where
2 the sidewalk is that leads into the walkway that goes into the apartment building.

3 [REDACTED] So the sidewalk is just west of the front doors of the apartment
4 complex?

5 VENTIMIGLIA: That's correct.

6 [REDACTED] Okay. And then what -- at that point, can you hear anything?

7 VENTIMIGLIA: No, we were -- we were greeted by the reporting party at that
8 time, who identified himself as the manager of the complex.

9 [REDACTED] Okay.

10 VENTIMIGLIA: I didn't get his name. So he comes out and says, hey, yeah, I
11 heard -- I heard screaming in there, he's banging on the walls, all this other stuff, and I'll
12 show you where the apartment is.

13 [REDACTED] Okay.

14 VENTIMIGLIA: So he opened the door for us because that particular building,
15 you either need a key or a code to get into, so he opened the door for us to come into
16 the building and then went with us in the elevator up to the third floor.

17 [REDACTED] Did you ever hear the manager's name, is this [REDACTED]

18 VENTIMIGLIA: I -- it could have been, but I didn't hear it. I never asked him for
19 it.

20 [REDACTED] Okay.

21 VENTIMIGLIA: So, but my officers did.

22 [REDACTED] Yeah. So when you guys go inside the building, how do you get
23 up -- he tells you it's upstairs?

24 VENTIMIGLIA: That's correct. And then he escorts us to this elevator that's in

1 the lobby.

2 [REDACTED] Did he tell -- did you hear him tell the officers what was going on
3 or what he knew?

4 VENTIMIGLIA: Just basically that he had heard screaming from the apartment,
5 it was a female screaming, and she actually had said, "No, Albert," at some point, which
6 was the suspect's name, and that he heard the sounds of what sounded like the walls
7 being banged on.

8 [REDACTED] Okay. So based on that information, you guys went upstairs and
9 how'd you get upstairs, I'm sorry?

10 VENTIMIGLIA: In the elevator.

11 [REDACTED] Okay. And you guys were all together as a team?

12 VENTIMIGLIA: That's correct.

13 [REDACTED] Okay. And when you got out of the elevator, what'd you do?

14 VENTIMIGLIA: He escorted us over to apartment [REDACTED] and said this is where it
15 is. So one of the officers, either Simonzad or [REDACTED] knocked on the door and identified us
16 as the police and said that we wanted to talk to [REDACTED] at which time, he yelled -- said
17 something to effect of fuck you, if you come in here, I'll kill you, threatening language,
18 and he indicated he had no intention of opening the door.

19 [REDACTED] Okay. What'd you -- what'd you do?

20 VENTIMIGLIA: At that point, I started formulating, you know, the plan that we
21 basically -- we have a barricaded suspect at this point and what was -- what was very
22 disconcerting to me was that I never heard a female respond. I never heard her call for
23 help. I never heard -- I never heard a female voice speak with us as we were knocking
24 on the door. So I thought that she might have either been killed, incapacitated or was

1 being held hostage at that point. I actually asked the manager, I said are you sure that
2 you heard a female screaming, yes, I'm one hundred percent sure I heard a female
3 screaming from this apartment. So that upped the ante on what the type of call was.

4 [REDACTED] Before the manager met you downstairs, did he tell you where he
5 -- did he stay upstairs near the door to make sure that nobody left?

6 VENTIMIGLIA: No, he didn't -- we didn't have that conversation.

7 [REDACTED] Okay.

8 VENTIMIGLIA: So --

9 [REDACTED] But he -- from the time he called 911 to the time you guys arrived
10 was fairly quick?

11 VENTIMIGLIA: Yes.

12 [REDACTED] And he didn't see her leave?

13 VENTIMIGLIA: Yes.

14 [REDACTED] At least the apartments, right?

15 VENTIMIGLIA: That's correct.

16 [REDACTED] Okay. So you were mentioning that you were concerned for her
17 safety because you weren't -- you didn't hear any voices of a female. You had officers
18 banging on the door and he's replying, you know, go fuck yourself, I'm not opening the
19 door.

20 VENTIMIGLIA: I'll kill you if you come in.

21 [REDACTED] Okay. So what'd you guys -- what'd you decide to do?

22 VENTIMIGLIA: We asked the manager if he had keys to the apartment, which
23 he did and he provided them to Officer [REDACTED] I believe. Officer [REDACTED] attempted to unlock
24 the door, but the door has two locks on it. It has both a regular doorknob lock and it

1 has a deadbolt lock. It's the same key to both locks. When he would try to unlock
2 them, either one, [REDACTED] would either lock the top one -- he would lock the opposite lock
3 of what we just unlocked.

4 [REDACTED] And you -- how could you tell he was locking the opposite lock?

5 VENTIMIGLIA: Because we could hear it. We could hear the sounds of metal
6 moving and, you know, coming from the direction of where those locks were.

7 [REDACTED] So the locking cylinder, so as he's unlocking the bottom --

8 [REDACTED] And can I interrupt real quick. When that was going on, how do you
9 know it was [REDACTED] that was doing that?

10 VENTIMIGLIA: I don't one hundred percent know that it was [REDACTED] in terms of
11 him actually seeing him, but he's yelling at us at the same time, so --

12 [REDACTED] So the close proximity of his voice through the door and the locking
13 made you believe that he was --

14 VENTIMIGLIA: Correct, because we're still talking with him the whole time. I, at
15 one point, just said, hey, [REDACTED] just open the door so we can talk to you. We just want
16 to make sure you're okay. Oh, fuck you, you know, all that stuff. So --

17 [REDACTED] Prior to Sunday, have you had any contact with the male inside
18 room -- apartment 301?

19 VENTIMIGLIA: Not that I can ever recall. Nothing that was eventful.

20 [REDACTED] And so as we're calling him [REDACTED] that's only because after the
21 fact you learned that was his name?

22 VENTIMIGLIA: That was -- he was identified as [REDACTED] by the manager to us as
23 that was his name, so --

24 [REDACTED] Okay.

1 VENTIMIGLIA: -- I don't one hundred percent even know if that's for sure his
2 name.

3 [REDACTED] So when we refer him to [REDACTED] and that's okay to call him that,
4 it's just a male voice from the apartment?

5 VENTIMIGLIA: That's correct.

6 [REDACTED] Okay. So as the keys are being turned, the other one gets --
7 basically he unlocks the door, goes to do the other one and it gets locked back on him,
8 right?

9 VENTIMIGLIA: Correct.

10 [REDACTED] And so he has to go back, so then what happens?

11 VENTIMIGLIA: So we have one additional unit that's working that day that's not
12 assigned to patrol, they're assigned as a foot-beat unit on contract duty at the San
13 Fernando Swap Meet, but on major incidents, we'll utilize them as needed. So I came
14 up on the radio and I said like three to X-ray-1, can you guys respond to this location
15 and they keyed up and said we're already here. So they heard the call go out and they
16 heard just the traffic about what was happening there. They started responding there
17 on their own.

18 [REDACTED] And when you say they, what officers were they?

19 VENTIMIGLIA: It's Officer Pak and Officer [REDACTED]

20 [REDACTED] Okay. And they were working the swap meet detail?

21 VENTIMIGLIA: That's correct.

22 [REDACTED] Okay. So as you're standing at the door initially, it's yourself, it's
23 Officer [REDACTED] --

24 VENTIMIGLIA: Yes, I'm sorry.

1 [REDACTED] And it's Officer [REDACTED]

2 VENTIMIGLIA: Yes.

3 [REDACTED] And who else is there?

4 VENTIMIGLIA: Officer Simonzad and then Officer [REDACTED] [REDACTED]

5 [REDACTED] Okay. So four of you?

6 VENTIMIGLIA: Yes, and that's my patrol team for the day.

7 [REDACTED] And then while you were there, when you were having problems
8 getting into the room, you requested the other two officers to respond?

9 VENTIMIGLIA: That's correct.

10 [REDACTED] Okay. What, at one point -- so right now, you only had one key
11 trying to unlock the doors, then what happened?

12 VENTIMIGLIA: Right, the manager gave us a second key and so then Officer
13 [REDACTED] would try -- he tried to unlock them both at the same time and [REDACTED] presumably,
14 was using his body weight against the door anyways. And so we couldn't get the door
15 open enough. At one point, one of the keys that we were using got bent because of the
16 pressure that was being put against it and the turning motion probably at the same
17 time. But that was rendered useless.

18 [REDACTED] Could you tell that there was force being pushed against the door
19 or just you guys were being unsuccessful with the key?

20 VENTIMIGLIA: Officer [REDACTED] indicated that there was because he was pushing
21 against it as he was doing it and he said he's blocking the door, he's the blocking the
22 door.

23 [REDACTED] Okay. And you heard him say that?

24 VENTIMIGLIA: Yes.

1 [REDACTED] Okay. So then what happened?

2 VENTIMIGLIA: So then I -- the other unit arrived, they said we're already here. I
3 instructed them to get the pick and the ram from the watch commander's vehicle and
4 bring it up, because at that point, I figured we were going to have to breach the door.

5 [REDACTED] Okay. And while this is going on, the male on the other side has
6 continued to be violent?

7 VENTIMIGLIA: Yes.

8 [REDACTED] Threatening?

9 VENTIMIGLIA: He was -- our -- one of our officers was always continually
10 engaging him in conversation the whole time. And while they were doing that, the
11 neighbor that would be to the north of his apartment there opened the door to see what
12 was going on, because there's loud yelling, police, open the door, so he opened the
13 door to check on what was happening. And so I said, hey, sir, do you mind if I take a
14 peek from your balcony over to the other side there and he said, yeah, no problem. So
15 I went into his apartment to -- first of all, to kind of get the layout of what we were going
16 to be looking at when we went in the other side and to see if there were any other
17 options on how we could have gotten into that apartment besides the front door.

18 [REDACTED] Can I stop you there, do you remember what apartment number
19 that is?

20 VENTIMIGLIA: I don't. I just know that it is one north and it's the last one in the
21 hallway.

22 [REDACTED] Do you remember what the -- that resident -- what his name or what
23 he looked like?

24 VENTIMIGLIA: It was an older white male, kind of shaggy looking, but I don't -- I

1 didn't get his name.

2 [REDACTED] Okay.

3 [REDACTED] And this is as you're facing the door, to [REDACTED] this is one apartment
4 to your right?

5 VENTIMIGLIA: That's correct.

6 [REDACTED] Okay.

7 VENTIMIGLIA: And so I went in there and went to the end of it so I could see it.

8 It was like a studio apartment that had kind of one long room. And I went to his
9 balcony and looked out onto the balcony to see if there was any way that we could
10 safely get over to the other balcony and there was too big a gap between -- I mean, it's
11 -- it might have only been only a foot, but we're three stories up and there wasn't really
12 any equipment for that and I didn't really have enough resources to maintain control of
13 the front door, as well as the back side.

14 [REDACTED] Could you tell, at that point -- were you able to see in to
15 apartment [REDACTED] from your vantage point on the balcony?

16 VENTIMIGLIA: No, the door was closed and the blinds were closed also.

17 [REDACTED] Okay. And when you -- and these are big vertical blinds?

18 VENTIMIGLIA: That's correct. They would run like the length of --

19 [REDACTED] And so not were they all the way in a closed position, but they
20 were also twisted so that you couldn't see in?

21 VENTIMIGLIA: That's correct.

22 [REDACTED] Okay. So what'd you do

23 VENTIMIGLIA: Okay. So then I returned back to the front door of the apartment
24 then of [REDACTED] and then by then, Officer [REDACTED] and Officer Pak had arrived with the pick

1 and the ram.

2 [REDACTED] Okay. And what'd you do?

3 VENTIMIGLIA: Officer [REDACTED] was instructed to use the ram at that point. He's
4 pretty large. He's about 6'2" and I would say about 215 pounds.

5 [REDACTED] Is that an instruction given by you?

6 VENTIMIGLIA: Yes.

7 [REDACTED] Did you direct him specifically to use the ram?

8 VENTIMIGLIA: Yes.

9 [REDACTED] Okay.

10 VENTIMIGLIA: He had it in his hands and he's -- both him and Officer Pak are
11 both larger, in-shape officers, so based on what I know about his physical fitness, I
12 thought he'd be a good choice to use the ram.

13 [REDACTED] Okay. Then tell us what happened.

14 VENTIMIGLIA: The manager actually walked over and said, hey, can I film this
15 because he's going to be liable for damages, being [REDACTED] for -- to the door and I said,
16 yeah, that's no problem, you just need to stand far enough away that we can do this
17 and you're at a safe distance. And so he complied with that. I think that he may have
18 ended up filming it with Officer [REDACTED] cellphone, instead of his own. So once that --
19 once that starts or once he was in place to do that, Officer [REDACTED] started using the
20 ram on the door.

21 [REDACTED] And let me stop you there. So as you're looking -- as you're
22 facing the door, everybody is stacked -- is on the east side of the door, obviously,
23 because the room is on the west side of the door, right?

24 VENTIMIGLIA: Yes.

1 [REDACTED] In relation to the door, where are people placed, if you know?

2 VENTIMIGLIA: I know that [REDACTED], Officer, and I say [REDACTED]
3 because we have another [REDACTED] that works for us that wasn't there, but so Officer
4 [REDACTED] was standing -- it would be north of the door, farther back. And I
5 remember that specifically because at one point, he had his gun out, kind of in back of
6 Officer Simonzad and he was so close to him, I said I don't think you're going to need
7 your gun right in back of him, because he's newer, he's on probation still, so I wanted to
8 make sure, this is a high-stress situation. I didn't know how many he's been on before.
9 I wanted to kind of make sure he understood that he was going to be walking in back of
10 another officer, just in case where there was something like that where he didn't shoot
11 one of my officers in the back. So he was on that side. Officer Simonzad was in front
12 of him. On the other side, Officer [REDACTED] was -- he would be towards the -- kind of the
13 south of the door and then I was kind of floating around in between them back and
14 forth, depending on what I was doing. Officer Pak would have been to my left, which
15 would have been south of the door, and then Officer [REDACTED] was utilizing the ram on
16 the door.

17 [REDACTED] And so directly east of the door in the hallway you're in is another
18 hallway that continues east?

19 VENTIMIGLIA: Are you talking about into like where the stairwell is?

20 [REDACTED] Yes.

21 VENTIMIGLIA: It's not -- I don't know if it's right across, but yeah, it's a little
22 northeast of where we were.

23 [REDACTED] Okay. And is that kind of an area that you were floating around --
24 or you were just kind of floating around the door?

1 VENTIMIGLIA: Yeah, I'm -- I mean, I was moving around kind of during the
2 entire -- the situation, because I'm, you know, I'm the supervisor, so I'm keeping track of
3 where all my people are and also kind of covering their back in case there were any
4 other threats that could have presented themselves in that apartment complex. It is a
5 Section 8 apartment, and so oftentimes not necessarily police friendly people living in
6 those locations. So I was kind of doing that as things were going.

7 [REDACTED] Okay.

8 VENTIMIGLIA: We had also placed a couple of our junior police officer stickers
9 over the peepholes on the doors because we didn't want -- if he's barricaded in there
10 and for whatever reason he had a weapon, we didn't want him to be able to see us to
11 be able to shoot us outside of the door.

12 [REDACTED] And I'm sorry, you said we, but who actually placed the stickers on
13 there?

14 VENTIMIGLIA: I believe that was Officer [REDACTED] It was whoever had them on
15 them at the time. Because I actually said does anybody have any tape, because I was
16 thinking about taping a F.I. card over there and somebody said I have stickers and I
17 think it was Officer [REDACTED] had placed them over the keyholes on the -- or the
18 peepholes, I should say.

19 [REDACTED] Okay. And then so [REDACTED] has the ram.

20 VENTIMIGLIA: That's correct.

21 [REDACTED] And he starts to ram the door?

22 VENTIMIGLIA: He starts hitting the door and he had hit it several times and
23 we're giving knock and notice the whole time, police, open the door. He starts hitting
24 the door with the ram.

1 [REDACTED] And as he's doing that, it's obviously very loud?

2 VENTIMIGLIA: Yes, it's loud and I can see people coming out of their
3 apartments, you know, looking at what we're doing.

4 [REDACTED] And is it also -- is the impact causing vibrations as well?

5 VENTIMIGLIA: Yes, it is. It kind of sounds like kind of like an earthquake. It's
6 hitting the door and you can actually feel it vibrate through the walls and dissipate from
7 there.

8 [REDACTED] And it's echoing through the hallways and stuff, right?

9 VENTIMIGLIA: That's correct.

10 [REDACTED] Okay. And so he continues to ram the door?

11 VENTIMIGLIA: Yes and I had my taser in my hand and that was, you know, I
12 kind of set up with the officers, I have the less-lethal. [REDACTED] Officer Simonzad had --

13 [REDACTED] You're holding your left hand up. Is that the hand that you carry
14 your taser in?

15 VENTIMIGLIA: Yes and the reason for that was I'm left-handed, so previously, I
16 had a taser holster that I would have to cross-draw on, that would come out my left
17 hand. Now I've got a new one where I can draw on my right, but because I got used to
18 carrying it like this, that's where it was, so --

19 [REDACTED] And when you say like this, you mean in your left hand.

20 VENTIMIGLIA: That's correct.

21 [REDACTED] Okay. So you have a taser in your left hand. Did you designate
22 any officers as lethal force?

23 VENTIMIGLIA: Officer Simonzad had his weapon out right next to me and so
24 that's how he was going to go in. I didn't say, okay, you're lethal cover. He had already

1 kind of assumed that role, so we didn't really -- I didn't really say, you know, you
2 specifically are on that.

3 [REDACTED] And because he's in front of you, you didn't need to specifically
4 address that issue.

5 VENTIMIGLIA: Correct, he was ready to go with the proper equipment for that.

6 [REDACTED] And because you already addressed the fact that the other officer
7 was behind him and you told him put your weapon away --

8 VENTIMIGLIA: Right.

9 [REDACTED] -- he knew he was not lethal.

10 VENTIMIGLIA: That's correct. He would be on the arrest team.

11 [REDACTED] Right. Did you notice anybody else with their firearms out?

12 VENTIMIGLIA: Officer [REDACTED] had his gun out, but he put it away when -- Officer
13 [REDACTED] knocked the deadbolt out of the door before the door actually opened, so the
14 deadbolt flew out, but the door didn't open still.

15 [REDACTED] Okay.

16 VENTIMIGLIA: Because [REDACTED] was standing against it still. Officer [REDACTED] put his
17 gun away and drew his Department-issued OC spray and sprayed into the door through
18 the hole.

19 [REDACTED] And once again, you're -- you manipulate like holstering on his
20 right side, retrieving his OC spray with his left hand. Is that because you're left-handed
21 or is that --

22 VENTIMIGLIA: Yeah, that's -- I don't know what hand he had his spray in. It
23 could have been left or right. That's just the motion that I would have gone through if I
24 was doing that.

1 [REDACTED] Right, okay. So you saw him holster, retrieve his OC spray with
2 one of his hands --

3 VENTIMIGLIA: Yes.

4 [REDACTED] -- and do what?

5 VENTIMIGLIA: And spray several bursts into the hole that was created in the
6 door by the deadbolt being knocked out.

7 [REDACTED] Okay. And what happened?

8 VENTIMIGLIA: So then we -- I kind of heard the sound of footsteps, something
9 that would be consistent with footsteps going down the hallway there and then we were
10 just kind of standing there for a second. I actually kicked the door because there was
11 nobody -- there was nobody holding it shut anymore. So I kicked the door opened.

12 [REDACTED] And when you kicked the door, do you remember what foot you
13 used?

14 VENTIMIGLIA: I believe it was my left foot.

15 [REDACTED] Okay.

16 VENTIMIGLIA: But I'm not one hundred percent sure.

17 [REDACTED] And what happens when you do that?

18 VENTIMIGLIA: The door opens then.

19 [REDACTED] Okay.

20 VENTIMIGLIA: And now it's time to go.

21 [REDACTED] Okay. And what do you see -- when the door opens, what do you
22 see?

23 VENTIMIGLIA: I didn't -- I just see a long hallway or a hallway into the
24 apartment, so I started moving into the --

1 [REDACTED] Are the lights in the apartment on or are they off?

2 VENTIMIGLIA: I don't think they were on. There was natural lighting, though,
3 because it was during the day. So I could see, but it wasn't super bright.

4 [REDACTED] Do you remember where the natural light was coming from?

5 VENTIMIGLIA: Just from the windows that were in there. And it would be -- it
6 would be the windows towards where the door that leads out to the balcony.

7 [REDACTED] Okay.

8 VENTIMIGLIA: And then there's some additional windows and I guess you
9 would call it the bedroom area, but it's just one room. It's a studio apartment.

10 [REDACTED] Right. Okay. So you go in and, I'm sorry, do you know the order
11 that people went in or -- if you remember?

12 VENTIMIGLIA: I know that I went in first.

13 [REDACTED] Okay. So you're first?

14 VENTIMIGLIA: Yeah, I was first. And I don't know who came in behind me in
15 what order, but I know that everybody else was behind me.

16 [REDACTED] When you come in, what do you see?

17 VENTIMIGLIA: Once, once I made my way into the door -- and again, we were
18 trained not to stop in the doorway because the fatal funnel where you can all get killed,
19 so I knew we had to move. Once I get into the apartment and look down towards down
20 by where the bedroom is, I can see a man, [REDACTED] standing there with a large knife in
21 his hand.

22 [REDACTED] Okay. And what hand is he holding the knife in?

23 VENTIMIGLIA: I believe it was his right and I don't know what direction -- I don't
24 know if he was holding it with the blade coming up or if he was holding it with the blade

1 coming down. I fixated on the blade because the blade looked like it was about a foot
2 long. It was a large, large knife.

3 [REDACTED] Okay. And, I'm sorry, when you came in, you didn't stop in the
4 entry way. Did you go to your left or to your right?

5 VENTIMIGLIA: I went towards my left.

6 [REDACTED] Okay. Towards your left, towards like the kitchen area more?

7 VENTIMIGLIA: Yes.

8 [REDACTED] And I think there was a table in the area?

9 VENTIMIGLIA: Yeah, I remember having -- I remember having to go around the
10 table. Like the table was -- when we come in, there was a table there. I knew I had to
11 flare out towards my left to not get stopped by the table.

12 [REDACTED] Okay. And like what do you do, because you see this guy armed
13 with a knife?

14 VENTIMIGLIA: Right, once I see the knife, I actually yelled, drop the knife. And
15 I remember thinking this isn't going to work with my taser in my hand, so I dropped it
16 and transitioned to my handgun at that point.

17 [REDACTED] Okay. And so you're just making a motion where you had your
18 taser in your hand, you opened it up, you let the taser fall to the ground?

19 VENTIMIGLIA: That's correct.

20 [REDACTED] And you holster -- or you retrieved your firearm from your holster
21 with your left hand?

22 VENTIMIGLIA: That's correct.

23 [REDACTED] And then what'd you do?

24 VENTIMIGLIA: I heard multiple other officers yelling commands, as well, which

1 he didn't comply with. And he was facing towards us and he made a motion like he was
2 starting to come towards us at that point.

3 [REDACTED] And when you say make a motion, you were -- you started to lean
4 forward?

5 VENTIMIGLIA: With his right side.

6 [REDACTED] With his right side?

7 VENTIMIGLIA: Yes.

8 [REDACTED] At this point, how -- where is he at in relation to some of the other
9 objects that are maybe inside the apartment, if you can remember?

10 VENTIMIGLIA: He was close to where -- where the opening is for the bedroom,
11 he was closer to -- it would be the west side of that. Closer to the top of where that
12 feeds out into, into the room. And it's kind of hard to explain, but he would be closer --
13 it'd be closer towards the back wall of the apartment than he would be to the other side
14 of that.

15 [REDACTED] Okay. So let me just -- so he's in the -- he's just -- is he inside
16 the doorway of that bedroom or is he in the living room still or is he in the bedroom?

17 VENTIMIGLIA: He was coming from the bedroom into the living room.

18 [REDACTED] Okay. And when you said he's closer to -- so you're talking about
19 like the west side versus the east side.

20 VENTIMIGLIA: That's correct.

21 [REDACTED] So closer to the sliding glass door than the kitchen?

22 VENTIMIGLIA: That's correct.

23 [REDACTED] Okay. He's got a knife in his hand and it's very large and he
24 starts to make a motion towards your guys' direction.

1 VENTIMIGLIA: That's correct.

2 [REDACTED] And then what happens?

3 VENTIMIGLIA: At that point, I --

4 [REDACTED] And this point, numerous officers have already given him
5 commands to drop the knife. Any other commands -- any other commands that you
6 gave?

7 VENTIMIGLIA: Just -- I just remember yelling drop the knife at one point and
8 then thinking I had to transition to a different weapon system than what I had in my
9 hand.

10 [REDACTED] At this point, can you see a female?

11 VENTIMIGLIA: No and that was also part of my concern was he's standing there
12 with this knife, we know that she's in there, and, and I don't know where she is. So not
13 only is he a threat to my -- to me and the officers coming behind me, he's also a threat
14 to this female victim that we still don't know where she is and we still haven't heard from
15 because we didn't hear her scream at all or anything like that when we came in.

16 [REDACTED] Could you tell at this point if -- do you see any blood anywhere at
17 this point?

18 VENTIMIGLIA: No, but I wasn't specifically fixated on that. At that point, I was
19 fixated on this giant knife and the proximity we were away from him.

20 [REDACTED] And the knife that you saw, is it covered in blood?

21 VENTIMIGLIA: Not that I could see.

22 [REDACTED] Okay. So does your -- does your firearm have a light on it?

23 VENTIMIGLIA: It does not.

24 [REDACTED] It doesn't?

1 VENTIMIGLIA: Oh, wait, you mean a --

2 [REDACTED] Like a tactical light on the front of it.

3 VENTIMIGLIA: Yes, it has -- it has a light that's like a flashlight, but it does not
4 have a laser.

5 [REDACTED] No, okay. So the light -- the tactical light that is on your firearm,
6 is it turned on or is it turned --

7 VENTIMIGLIA: No, it's off. I didn't turn it on. I -- to turn it on, I have to actually
8 manually reach for the top of the gun and flip a switch that's on there.

9 [REDACTED] Okay. And so you had enough light to where you were
10 comfortable without turning the light on?

11 VENTIMIGLIA: That's correct and I also don't think I would have had time to
12 manipulate that in conjunction with what I was doing.

13 [REDACTED] So your gun's out, you're pointing it, he starts to shift his body
14 towards -- lean forwards towards his right. Do you see him taking any steps?

15 VENTIMIGLIA: I don't know if he actually took a step or just -- I was more fixated
16 on his torso, not his feet. So he may have taken a step, he may not have. But I
17 watched his body start to move forward towards us.

18 [REDACTED] Okay. From your position how far -- what would you estimate
19 your distance from him at this point?

20 VENTIMIGLIA: I would say about ten feet, maybe ten to 12 feet at that point.
21 And I thought to myself, we've been trained numerous times about the 21-foot rule.
22 We've gone through a whole different plethora of training on that. We've had training
23 simulators in here that are kind of big fat simulators where there's scenarios like that
24 where if somebody pulls a knife within that distance and are able to close that distance

1 before the officer's able to get a shot off.

2 [REDACTED] Okay.

3 VENTIMIGLIA: So I already knew by that point that we were in trouble --

4 [REDACTED] Okay.

5 VENTIMIGLIA: -- based on where we were.

6 [REDACTED] Okay. And then what happens?

7 VENTIMIGLIA: So I knew that we were within that distance and I knew that I had
8 to immediately engage him, otherwise I was going to either put myself or one of my
9 officers in a situation where they could be stabbed. So I was afraid that he was going
10 to lunge towards either myself or one of the other officers there and stab us with that
11 large knife.

12 [REDACTED] At this moment in time, are you -- do you feel like you're the
13 closest one to him or are the other officers closer?

14 VENTIMIGLIA: No, I was for sure out front. I never -- I never stopped my
15 forward trajectory from where I was going and if this was a different circumstance where
16 we didn't have a female victim in there, then maybe there could have been something
17 where we could have maybe pulled back, but because, because in my mind, we're
18 breaching the door to perform a rescue more so than anything. Because this
19 screaming woman was in there and we haven't heard from her and if she's injured,
20 time's going by, so if for some reason she's bleeding out or she's, you know, whatever it
21 is, time is of the essence that we get to her as fast as possible.

22 [REDACTED] And you guys had already been stalled for a lengthy period of
23 time prior to entering the door?

24 VENTIMIGLIA: Right, yes, we were stalled for several minutes there while we

1 were trying to get the door open and going through the motions that we went through to
2 try to get it open, ultimately to end up getting the ram up there. It was several minutes
3 that had gone by.

4 [REDACTED] And when you say several, how long do you think truly passed?

5 VENTIMIGLIA: You know, it could have been three minutes, it could have been
6 five minutes. It felt like we were outside for a really long time, so I don't know if I can
7 gauge accurately exactly how long. It just felt like a really long time because we had to
8 go through all these different steps to finally get in there.

9 [REDACTED] Right, okay. So the threat's there, you're worried about
10 everybody's safety, what happens next?

11 VENTIMIGLIA: That's correct. So in order to prevent him from stabbing me or
12 any of the other officers, I decided to introduce trauma into his body to stop his violent
13 action, so --

14 [REDACTED] How'd you do that?

15 VENTIMIGLIA: So I utilized my Department-issued firearm to fire a volley of
16 approximately three shots into his upper torso area.

17 [REDACTED] Okay. And were these pretty successive, like rapid, shots?

18 VENTIMIGLIA: Yes, it was one right after the other and oftentimes in our firearm
19 drills, we train two to the body, one to the head, so that's kind of a typical volley that we
20 would -- that we would use. I just -- I didn't try to aim for a headshot in there because
21 the backdrop is a wall in an apartment. We are three stories up and his torso was -- I
22 knew I could pretty safely hit him in the torso without any bullets going past him.

23 [REDACTED] Do you remember, did you get a sight picture or did you just point
24 and shoot?

1 VENTIMIGLIA: No, it was point-shooting, but I -- from the distance I was from
2 him, I was -- I could see my rounds impact.

3 [REDACTED] Okay. And so you fired three rounds. After that third round,
4 what'd you do?

5 VENTIMIGLIA: His body fell to the floor into the bedroom area.

6 [REDACTED] All right, let me stop you right there.

7 VENTIMIGLIA: Sure.

8 [REDACTED] As you're shooting all three shots, is he still standing or is he
9 starting to go down as you're continuing to shoot?

10 VENTIMIGLIA: They were in such rapid succession of each other that he didn't -
11 - he didn't fall down until after -- until after I was done. I was reassessing to see if I had
12 to engage again --

13 [REDACTED] Okay.

14 VENTIMIGLIA: -- when he went down. I didn't know at the time, but other
15 officers had also fired.

16 [REDACTED] Okay. And so you said he said he fell back into the bedroom.
17 How did he, how did his body position?

18 VENTIMIGLIA: He landed on his back. His feet would have been facing towards
19 the west, towards the windows and then his head would have been facing towards the
20 east, towards the front door of the location.

21 [REDACTED] Okay. And what'd you guys do?

22 VENTIMIGLIA: I could see where he landed that there was nothing in his hands
23 anymore. His hands were open. I could see blood coming from his chest, so I knew
24 that I had probably hit him.

1 [REDACTED] What side of his chest, if you know?

2 VENTIMIGLIA: I believe it was his left side.

3 [REDACTED] Okay.

4 VENTIMIGLIA: And so I could see from where he was that he wasn't an
5 immediate threat anymore, so I didn't fire anymore rounds at that point.

6 [REDACTED] Okay. Did you -- what'd you do with your firearm?

7 VENTIMIGLIA: I -- so when I fired, I fired my rounds and when I saw him go
8 down, I held my firearm in my left hand. I reached down with my right hand and I
9 pressed the help button on my radio. The purpose for doing that is that indicates officer
10 needs help, even though all the officers working were here then. I also knew that Chief
11 [REDACTED] and Sergeant [REDACTED] were in the station getting prepared -- preparing things
12 for this golf tournament we had the next day. So I knew that they were here, so I
13 figured our dispatchers, if there's a major incident, will broadcast on the P.A. system
14 throughout the station, you know, officer needs help at this location. So that was to get
15 anybody else that was here, happened to be here, rolling if that was at all possible. So
16 as soon as I hit the button, I keyed up on my radio and I said shots fired, suspect down,
17 we need an R.A.

18 [REDACTED] An R.A. means --

19 VENTIMIGLIA: Rescue ambulance.

20 [REDACTED] Okay. And then what'd you guys do or what did you do?

21 VENTIMIGLIA: So once he was down there like that, I quickly assessed that he
22 didn't have the knife in his hands anymore. I didn't see where it went initially because I
23 stopped far enough back from him where I didn't pass through into the bedroom yet and
24 I took a quick inventory of my officers to make sure that none of them were hurt. And

1 they were all kind of standing around me at that point.

2 [REDACTED] Then what happened?

3 VENTIMIGLIA: A female emerged from the bathroom. She was mostly naked.
4 I think she had a towel over her front and she was like, oh, you know, like what
5 happened. We said, ma'am, come towards us, come towards us. I had maintained my
6 position of cover on the suspect, who was down, and --

7 [REDACTED] And when you say that, you're describing how you -- you're
8 mimicking that you have a firearm in your hand still and you're pointing it towards the
9 suspect?

10 VENTIMIGLIA: That's correct, standing over him, far enough away where he
11 couldn't -- he couldn't grab me at all and we called the female over to where we were
12 and she was received by a couple of officers, but I don't know which ones actually
13 grabbed her and moved her out of the apartment.

14 [REDACTED] Okay. Then what happened?

15 VENTIMIGLIA: She was removed and we called for the ambulance and we
16 maintained our position until the paramedics arrived.

17 [REDACTED] When the paramedics arrived, what'd they do?

18 VENTIMIGLIA: They began chest compressions on [REDACTED] and they worked on
19 him until they removed him from the location.

20 [REDACTED] Okay. And then -- let me back up. When the female came out of
21 the bathroom, did you see any cuts or anything from her?

22 VENTIMIGLIA: No, but I would never have had time to assess that. I knew --

23 [REDACTED]: She didn't have any open wounds, bleeding that you saw at the
24 moment?

1 VENTIMIGLIA: Right, right, that I could see, no. I just saw -- I couldn't even tell
2 you what she looked like. I just know that she came out, she was alive and I wanted to
3 get her away from him, just in case -- I didn't see where the knife landed, but I knew it
4 had to be somewhere close. So and we could see -- I could see kind of under the bed
5 there, I could see it wasn't in the immediate vicinity of his left hand, but I didn't know if it
6 was like under his body or somewhere else where he could have got to it where if she
7 came by, he could have maybe stabbed her. So we wanted -- I was focused on where
8 he was as she came by, just in case for some reason he took a shot at her.

9 [REDACTED] Were you concerned that there might be other weapons inside
10 the house?

11 VENTIMIGLIA: Yes, it's always a concern when somebody has one weapon that
12 they may have others and that, you know, again, just because we hadn't seen him with
13 a gun, that didn't mean he didn't have one somewhere.

14 [REDACTED] Okay. So you guys maintained basically a position of advantage
15 covering him until paramedics arrived?

16 VENTIMIGLIA: That's correct.

17 [REDACTED] Okay. And then the paramedics arrived and you said began
18 chest compressions?

19 VENTIMIGLIA: Yes.

20 [REDACTED] And then escorted him out?

21 VENTIMIGLIA: Yeah, once they got enough of their personnel, they put him on
22 a gurney and took him out.

23 [REDACTED] Did they put him on a rolling gurney or on a backboard and then
24 carried him?

1 VENTIMIGLIA: That I don't know. I -- at that point, once they started working on
2 him, we had -- all our officers there started designating certain officers to do certain
3 things. I designated Officer [REDACTED] who was standing in the back, to start setting up a
4 crime scene around the apartment right there and making sure that nobody else came
5 in and that none of the witnesses that may have been around left.

6 [REDACTED] Did you ever see where this knife went?

7 VENTIMIGLIA: Yes, when the paramedics came in there and they started
8 working on him, I saw that the knife was sitting above his head. It would be kind of
9 close to where his right hand was against -- it was almost like against the wall of it
10 would be the east side of the bedroom.

11 [REDACTED] Okay. And so you just described how his right hand was kind of
12 above his head as he laid on his back and the knife would have been a little bit farther
13 east of where his hand was.

14 VENTIMIGLIA: That's correct.

15 [REDACTED] And do you know if anybody -- did you pick -- did anybody
16 recover that knife?

17 VENTIMIGLIA: I'm sure somebody did eventually, but I --

18 [REDACTED] Did you or any of your officers recover that knife?

19 VENTIMIGLIA: No, I specifically told them to leave it there.

20 [REDACTED] Okay.

21 [REDACTED] Hey, Sergeant. My name is Sergeant [REDACTED] Got a few
22 questions. Some of the questions may be similar to his, so I apologize.

23 VENTIMIGLIA: No problem.

24 [REDACTED] How many units were working the shift where this happened --

1 when it happened?

2 VENTIMIGLIA: Assigned to patrol was myself and then three other officers, so a
3 total of four one-man cars.

4 [REDACTED] Four-man -- one-man cars, including you?

5 VENTIMIGLIA: Yes. And the swap meet unit is assigned to the swap meet duty,
6 but there was two officers working in one unit there.

7 [REDACTED] And that was a two-man car?

8 VENTIMIGLIA: That's correct. And they work from 9 a.m. to 1500.

9 [REDACTED] Now, you heard a domestic violence in-progress call go out.

10 VENTIMIGLIA: That's correct.

11 [REDACTED] Okay. Who had the handle on that?

12 VENTIMIGLIA: I don't know which officer was assigned the handle. I just -- I
13 knew that we were all going to end up going to that.

14 [REDACTED] Initially, was it two officers that handled the call?

15 VENTIMIGLIA: Well, the way we assign is whoever the first unit is that's called
16 out, that's the primary unit that's going to handle the investigation, the paperwork and
17 anything else related to that, and then there's a backing unit that was assigned. So
18 there were two units assigned initially, but there was one primary and one secondary,
19 but I don't know which units they were.

20 [REDACTED] And when a call goes out, is it given a number, the call?

21 VENTIMIGLIA: Not over the air, but there is a specific call number. Every call
22 has a specific number assigned to it, so when they input the -- when the desk officers
23 input the information into the computer, there's a tag number that's attached to it.

24 [REDACTED] A tag number. Now, how many digits is that tag number?

1 VENTIMIGLIA: It's the date and then it's usually dash and then there's four
2 numbers afterwards. And for the most part zero, zero, whatever the call for service
3 number is for that day.

4 [REDACTED] And it's the number of calls for that day?

5 VENTIMIGLIA: Yes.

6 [REDACTED] Got it. Now, when you arrived at the apartment building, you arrived
7 in your SUV, right?

8 VENTIMIGLIA: That's correct.

9 [REDACTED] And you parked somewhere in the front and you saw, what I
10 understand, other officers who are assigned the call?

11 VENTIMIGLIA: That's correct.

12 [REDACTED] Do you know who those other officers are?

13 VENTIMIGLIA: Yes, Officer Simonzad, Officer [REDACTED] and Officer [REDACTED] were
14 there.

15 [REDACTED] Okay. Now, when the landlord briefed you about this, what he
16 observed, did he brief the two officers before and then briefed you later or you guys got
17 all briefed at the same time?

18 VENTIMIGLIA: No, we all got briefed at the same time. The officers were
19 walking up to the -- to the front door of the complex from different directions when I
20 arrived, so we all got there as a -- basically arrived as a group on the sidewalk before
21 we made contact with the manager.

22 [REDACTED] Okay. So -- okay. So you got briefed at the same time down at the
23 sidewalk in front of the apartment building?

24 VENTIMIGLIA: Yes, as we were walking into the building, he was briefing us as

1 we were moving.

2 [REDACTED] And what did he tell you?

3 VENTIMIGLIA: That he had heard a female screaming from this apartment and
4 heard sounds consistent with like something running into the wall, basically the walls
5 being banged on.

6 [REDACTED] Okay. And then when you arrived, do you put yourself 97 or that
7 you had arrived over the radio or --

8 VENTIMIGLIA: Yes.

9 [REDACTED] Okay. You did that?

10 VENTIMIGLIA: Yes.

11 [REDACTED] Okay. Now, I know he may have asked you this, when you first
12 made contact at the door of the apartment and the time that you actually made entry,
13 what's that timespan?

14 VENTIMIGLIA: I -- and again, I'm going to estimate three to five minutes, but it
15 felt like an eternity. It felt like way too long because we knew what we had to do based
16 on the fact that we're not hearing this female screaming at all. So I'm going to estimate
17 it was about three to five minutes, but it could have been longer than that. It's -- when
18 you're in a critical incident, time kind of has a funny way of kind of shifting on you a little
19 bit. So that's the best estimate that I can give you.

20 [REDACTED] Now, from this interview, you told my partner that you're banging on
21 the door, trying to make contact with [REDACTED] and he's talking to you and what is he
22 telling you?

23 VENTIMIGLIA: He's saying fuck you, fuck you guys, if you come in here, I'll kill
24 you, things like that.

1 [REDACTED] Okay. You turned to the landlord and you asked him a question
2 about if there was in fact a female inside the apartment.

3 VENTIMIGLIA: That's correct. I wanted to make sure that he knew -- I said, you
4 know, you're sure you heard a female screaming and he said, yeah, she was screaming
5 in there. She actually screamed like stop [REDACTED] or don't [REDACTED] at some point.

6 [REDACTED] He said that he actually heard this screaming?

7 VENTIMIGLIA: Yes.

8 [REDACTED] Okay. I'm just asking a procedural question because I don't know.

9 VENTIMIGLIA: Sure.

10 [REDACTED] When you have a barricaded suspect, San Fernando Police
11 Department, what happens, what do you -- do you call a SWAT team or do you have a
12 little SWAT team? What happens when you have a big operation?

13 VENTIMIGLIA: If we have -- if we have the ability to wait, then we will get more
14 resources and if it's a barricaded suspect that meets the criteria, then we'll utilize SEB
15 usually, which is the Sheriff's SWAT team, to take care of something like that. Being
16 the nature of what it was where, again, we have a female victim who's, you know, we
17 know is at least the victim of an assault of some kind, we have to go at that point. You
18 know, the saying kind is you got what you got, go deal with it.

19 [REDACTED] Did it give you a concern or not that you couldn't hear the female's
20 voice?

21 VENTIMIGLIA: Yeah, that was -- that was the most disconcerting thing about
22 the whole thing. If the call would have just been, hey, this guy's screaming in his
23 apartment, he's making noise or whatever and we didn't have any information about the
24 female being in there, we would have slowed it down a little bit, got some more

1 resources there and then maybe dealt with it a little bit differently. But because we
2 have this female who's unaccounted for, we have somebody telling us, I heard her
3 screaming, just a few minutes prior to our arrival, which caused him to summon us in
4 the first place, now again, it's a rescue operation, as far as I'm concerned. She's either
5 dead, she's incapacitated, she's maybe being held and she can't talk, in need of
6 medical assistance. So our duty, our obligation, is to go in there and figure out what
7 happened to her.

8 [REDACTED] You kicked the door open?

9 VENTIMIGLIA: That's correct.

10 [REDACTED] You made entry into the apartment?

11 VENTIMIGLIA: That's correct.

12 [REDACTED] How far are you into the apartment from the front door?

13 VENTIMIGLIA: When I went in?

14 [REDACTED] Yes.

15 VENTIMIGLIA: At what point?

16 [REDACTED] When you saw a male inside the interior of the apartment near the
17 windows of the apartment, how far were you into it, into the apartment?

18 VENTIMIGLIA: Just a couple of feet. It was as soon as I was able to move into
19 the room and evaluate the entirety of the surroundings, so I would say probably, an
20 estimate would be about five or six feet.

21 [REDACTED] And you also said you moved into the apartment then to your left?

22 VENTIMIGLIA: Yes.

23 [REDACTED] Is that correct?

24 VENTIMIGLIA: That's correct.

1 [REDACTED] Okay. And then when you make your observation of [REDACTED] what's
2 the distance --

3 VENTIMIGLIA: I would say --

4 [REDACTED] -- between you and him?

5 VENTIMIGLIA: I would say about ten to 12 feet.

6 [REDACTED] Okay. Was he facing you?

7 VENTIMIGLIA: Yes.

8 [REDACTED] Okay. And I wasn't too clear on where he was when you first made
9 your observation of him.

10 VENTIMIGLIA: He was -- he was towards the -- towards the opening of the
11 bedroom area, almost --

12 [REDACTED] Now, the bedroom is, so I -- the bedroom is off to the left of the --

13 VENTIMIGLIA: Yeah, it's --

14 [REDACTED] -- of the front door?

15 VENTIMIGLIA: Yeah, like if -- the apartment's configured in kind of a weird kind
16 of L-shape, but it would go up, you know, it would not be in the way you would
17 traditionally write an L, but if you flip an L over the other way, almost like a seven
18 maybe would be a better way to describe it.

19 [REDACTED] Okay. Okay.

20 VENTIMIGLIA: And so he was standing kind of -- it would almost be like in the --
21 in the -- I don't know what would be called, the walkway area or whatever, by where the
22 bedroom area opens into the living room.

23 [REDACTED] Okay. So he was actually into -- inside the bedroom area?

24 VENTIMIGLIA: He might -- it might have been in between where -- kind of

1 exactly where the opening is, because there's not a door there, so I can't say he was
2 standing in the doorframe, but it would kind of be the equivalent of the doorframe. If
3 you put a wall in between the bedroom and the living room, he would be like in that area
4 right there.

5 [REDACTED] And this is not a traditional doorway, it's like a barn door entrance
6 where the door disappears into the wall, so it's a large entranceway into the bedroom?

7 VENTIMIGLIA: Yeah, I --

8 [REDACTED] Would that be correct?

9 VENTIMIGLIA: Yeah, I don't even know if there was -- if there is a door that
10 exists between those two. I think -- my understanding was it just had a large opening.

11 [REDACTED] Okay. Now, when you first make your observation and was he was
12 moving --

13 VENTIMIGLIA: Yes.

14 [REDACTED] -- or was he standing still?

15 VENTIMIGLIA: He was moving towards us and he was yelling something.

16 [REDACTED] Okay. Moving towards what direction?

17 VENTIMIGLIA: Towards us, towards the front door where we were.

18 [REDACTED] Okay. So he's moving and you said that you don't focus on his feet,
19 so you don't know how many steps he takes, but your perception is that he's moving
20 closer to you?

21 VENTIMIGLIA: That's correct, because I had fixated on the knife. I saw the
22 knife in his hands and I stayed focused on that and I could see his torso moving
23 towards us.

24 [REDACTED] And you said that he's holding the knife in what configuration?

1 VENTIMIGLIA: It was in his right hand, but I don't know if it was face up or it was
2 face down. I just remember seeing it and thinking, oh, shit, that's a big knife.

3 [REDACTED] So you don't know if was protruding out the top of his fist or the
4 bottom of his fist?

5 VENTIMIGLIA: That's correct.

6 [REDACTED] Okay. And, I'm sorry, what's the distance between you and him?

7 VENTIMIGLIA: About ten to 12 feet, I would estimate.

8 [REDACTED] And what is he saying when you see him?

9 VENTIMIGLIA: It was the same stuff he had been yelling, you know, fuck you, I'll
10 kill you guys, it was something to that effect.

11 [REDACTED] What was the -- could you see what -- any facial expressions he's
12 making?

13 VENTIMIGLIA: He looked very angry. He looked agitated, so he didn't look like,
14 oh, hey, I'm surprised to see you guys. He had an agitated look on his face as if he
15 wanted to engage us.

16 [REDACTED] At that point, do you recall what he was wearing?

17 VENTIMIGLIA: No, I know he had a T-shirt on, but that's about all I can recall.

18 [REDACTED] Okay. And then you said you had training in an armed knife
19 encounters, you have training in that?

20 VENTIMIGLIA: Yes.

21 [REDACTED] And what type of training have you had?

22 VENTIMIGLIA: We've have -- we have a simulator that comes around here
23 every now and again that -- one of our officers is a DMV investigator full-time. He's a
24 reserve officer and he's brought it here. There's simulators that simulate situations

1 where basically you're using a gun with like a laser beam on it and it will register with
2 the program when you actually engage. There's been several scenarios on that where
3 somebody will be standing there complaint, draw a knife real quick and take a run at
4 you and if you don't react quick enough, you die in the simulation.

5 [REDACTED] Okay.

6 VENTIMIGLIA: So there's that. I've also seen multiple stab wounds in my time
7 out there as an officer. I've been at murder scenes where I've seen the damage that
8 even just a small locking blade knife can do. So I knew that based on the size of the
9 knife that he had, that any one, any one slash from that could be fatal.

10 [REDACTED] Now, when he had the knife in his hand and he's moving closer to
11 you, how did that make you feel?

12 VENTIMIGLIA: It made me feel like if I don't react to this immediately, either I'm
13 going to -- I'm going to get stabbed and die or one of my officers is going to get stabbed
14 and die. I knew that somebody would be badly hurt if I didn't immediately engage him
15 with lethal force.

16 [REDACTED] Okay. Now, you described that you shoot your gun a female comes
17 out of the bathroom.

18 VENTIMIGLIA: That's correct.

19 [REDACTED] Okay. So where's the bathroom at in this apartment?

20 VENTIMIGLIA: So where [REDACTED] lands into the bedroom, there's a bed adjacent
21 to where he is. The bedroom -- I mean, the bathroom, it would be west -- or I mean,
22 excuse me. Let me orient myself a bit. The bathroom would be east of where the bed
23 is from where we're standing.

24 [REDACTED] Okay. Now, is the bathroom door closed?

1 VENTIMIGLIA: I don't know if it was closed or open when the shooting occurred,
2 but at some point it opened. I don't know if -- I don't if -- she may have seen the
3 shooting, I don't know. But I remember once I saw him down there and I started
4 assessing what was behind him, there she was.

5 [REDACTED] In the bathroom?

6 VENTIMIGLIA: In the opening to the bathroom. It might have been in the
7 doorway. And I remember hearing water running.

8 [REDACTED] Okay. Her hair wet or anything?

9 VENTIMIGLIA: It probably was, but I don't recall specifically.

10 [REDACTED] Okay. Does [REDACTED] once the shots are fired, does he fall back, like
11 take a few steps back or does he drop where he was standing at?

12 VENTIMIGLIA: He kind of fell and turned to -- basically like his right shoulder
13 would have swung forward and his left shoulder would have swung backwards and he
14 fell onto his back. So he didn't fall straight backwards. He kind of -- his body turned
15 and then he fell back onto his back.

16 [REDACTED] Turning what direction?

17 VENTIMIGLIA: He -- his body would have turned towards the left, which would
18 have been towards the west, but he would have fallen towards the east, if that makes
19 sense.

20 [REDACTED] Okay. Then you evacuated the girlfriend out of the apartment?

21 VENTIMIGLIA: That's correct.

22 [REDACTED] Okay. Did you search for any other victims in that apartment?

23 VENTIMIGLIA: The other officers did clear it. They did go back into the
24 bathroom to make sure that there was nobody else that was hurt in there or anything

1 like that. I held my position on

2 [REDACTED] Okay. And did you find any other victims there?

3 VENTIMIGLIA: No, we did not.

4 [REDACTED] Okay. That's all I have.

5 [REDACTED] Do you have anything you want to clarify?

6 [REDACTED] I don't have any clarifying questions.

7 [REDACTED] Oh, I'm sorry, one more question real quick. How many square
8 miles is San Fernando Police Department?

9 VENTIMIGLIA: Two point four-two square miles is our city.

10 [REDACTED] Okay.

11 [REDACTED] Is there anything that we didn't ask that you think is important and
12 want to tell us?

13 VENTIMIGLIA: Not that I can recall at this time.

14 [REDACTED] Okay. On that note, it's approximately 1326, we'll go off tape.

OCTOBER 10, 2017; 1333 HOURS

-oo0oo-

INTERVIEW OF OFFICER [REDACTED] PAK

Taken in the presence of Sergeant [REDACTED] and Sergeant [REDACTED] Los Angeles County Sheriff's Department, Homicide Bureau. Case under File #017-00108-3199-013. Transcribed by [REDACTED], Written Communications, Inc.

-oo0oo-

[REDACTED] It's, uh, Tuesday, October 10, 2017, at approximately 1333 hours, uh, Sergeant [REDACTED] and Sergeant [REDACTED] from Sheriff's Homicide. We're here investigating an incident that occurred on Sunday's date, October 8, 2017 at approximately 11:02 under Sheriff file number 017-00108-3199 and 013. Also present is Officer [REDACTED] Pak who is being represented by?

[REDACTED] Uh, Attorney [REDACTED] from Stone Busailah.

[REDACTED] Thank you. Uh, good afternoon.

PAK: Good afternoon.

[REDACTED] On, uh, on Sunday, October 8th what were you working?

PAK: I was working a overtime detail security for Swap Meet.

[REDACTED] And what was your call sign that day?

PAK: Xray 1.

[REDACTED] And, uh, was that alone or with a partner?

PAK: With a partner.

[REDACTED] And your partner's name?

PAK: [REDACTED]

[REDACTED] Do you know his first name?

PAK: First name [REDACTED]

1 [REDACTED] And on Sunday when we did the round count we described what
2 you were wearing, but you were wearing, uhm, was like, like a soft uniform,
3 right? How would you describe what you were wearing?

4 PAK: It's more of a modified. It's --

5 [REDACTED] Modified uniform?

6 PAK: Yes, sir.

7 [REDACTED]: Okay, and it consisted of what?

8 PAK: Shirt provided by the Swap Meet which has our emblem, our, you know,
9 states that we're City of San Fernando Police, uhm, and then just jeans or shorts and T-
10 shirts.

11 [REDACTED] Okay, and you had your regular work tools as far as gun belt and
12 stuff?

13 PAK: Correct.

14 [REDACTED] Were you wearing a vest that day?

15 PAK: I was not.

16 [REDACTED] No vest?

17 PAK: No.

18 [REDACTED] And when I say vest I mean protective, uhm, ballistic vest.

19 PAK: Correct.

20 [REDACTED] What, uh, Swap Meet were you working?

21 PAK: San Fernando Swap Meet, address 585 Glenoaks.

22 [REDACTED] And at some point during your, uh, during your shift, what was the
23 hours of that overtime detail?

24 PAK: 0900 to 1500.

25 [REDACTED] And at some point did you hear a call go out, or did you -- how

1 did you learn of a, of an incident on Harding?

2 PAK: Uh, we heard it over the radio.

3 [REDACTED] Okay, and what did you hear, if you remember?

4 PAK: We heard 273.5 in progress.

5 [REDACTED] Okay, and, uh, what did you do, if anything, at that point?

6 PAK: Uh, we waited until, uh, we heard that the suspect wasn't opening the
7 door.

8 [REDACTED] Okay, and how did you know that the suspect was not opening
9 the door?

10 PAK: Over the radio.

11 [REDACTED] Okay, and do you remember what was broadcast?

12 PAK: I don't reme-, remember exactly what was said over the radio, but --

13 [REDACTED] Approximately what was said?

14 PAK: That the suspect was, I think, refusing to open the door or let the police in.

15 [REDACTED] Okay, who, who is, do you have any idea why that information
16 was broadcast over the radio or who they were talking to?

17 PAK: Who the officer was talking to?

18 [REDACTED] What would be the point of broadcasting that information that the
19 suspect was not opening the door?

20 PAK: Just I guess to advise dispatch that the suspect was being uncooperative.

21 [REDACTED] Okay, so that was a communication between the officers on the
22 scene and dispatch, and, and you overheard this on your radio?

23 PAK: Correct.

24 [REDACTED] Okay, and then what'd you do, if anything?

25 PAK: We started heading towards their direction.

1 [REDACTED] Okay, and approximately -- are you in a patrol car, or?

2 PAK: Yes.

3 [REDACTED] Okay, and what's, is that black and white with San Fernando
4 Police Department logos on the doors and on the trunk and --

5 PAK: Yes.

6 [REDACTED] -- and overhead light bar?

7 PAK: Overhead lights, yeah.

8 [REDACTED] Okay, and, uh, when you, when you left the -- were you at the
9 Swap Meet at the time of that when you decided to leave, or were you guys out
10 somewhere else in the field?

11 PAK: No, we were at the Swap Meet.

12 [REDACTED] And then how long did it take you to get to the address on
13 Harding?

14 PAK: Probably about a minute to two, two minutes.

15 [REDACTED] Okay, so it's relatively close?

16 PAK: Yes, sir.

17 [REDACTED] Okay, what, uh, what streets is the Swap Meet on?

18 PAK: On Glenoaks.

19 [REDACTED] Glenoaks and?

20 PAK: Cross street of Arroyo.

21 [REDACTED] Okay, and, uh, so when you pull up to Harding where do you
22 park?

23 PAK: Uh, it was behind the unit. I don't know which unit it was?

24 [REDACTED] And are you the driver or the passenger?

25 PAK: I was the passenger.

1 [REDACTED] Okay, and were you, uhm, did you enter Harding from the south
2 from First Street or from the north?

3 PAK: From north.

4 [REDACTED] Okay, so you were facing south?

5 PAK: Correct.

6 [REDACTED] And the apartment complex would be on what side of the street?

7 PAK: On the east side.

8 [REDACTED] Okay, and, uh, you, your partner parked behind another unit, and
9 then what'd you guys do?

10 PAK: Uh, well on the way there Sergeant Ventimiglia asked us to bring, uh, the
11 breaching tools from Shop 30, so --

12 [REDACTED] And when you say Shop 30, you're referring to the watch
13 commander car?

14 PAK: Correct.

15 [REDACTED] Okay.

16 PAK: Uhm, so Officer [REDACTED] grabbed the breaching tools.

17 .. And this is as, as you guys are walking up to the, to the
18 apartment, or --

19 PAK: While we were driving.

20 [REDACTED] Okay.

21 PAK: En, en route.

22 [REDACTED] Okay, so, uhm, prior to your arrival the sergeant requested the
23 breaching tools, and you acknowledged that, yes, you would bring 'em up?

24 PAK: Yes, sir.

25 [REDACTED] Okay, do you have keys to his car, or was it unlocked?

1 PAK: Uh, everybody has keys, sir. It's universal.

2 [REDACTED] Okay, so after you park, you go what do you do?

3 PAK: Uhm, I go to the front to try to open the door, but, uh, gated, I guess you
4 need an access code, uhm, so we couldn't get in, and then we start dialing random
5 numbers and, uhm, someone picked up the phone, and we just notified ourselves as,
6 uh, police and if they could open the door for us, which they did.

7 [REDACTED] So you were able to get the door open. At this point does

8 [REDACTED] already have the ram?

9 PAK: Yes.

10 [REDACTED] And the pick? Did you bring both, or what'd you bring, or what'd
11 he bring, if you know?

12 PAK: He brought, he brought both.

13 [REDACTED] Okay. So he had already retrieved it from the car as you were
14 trying to ga-, gain entry?

15 PAK: Correct.

16 [REDACTED] Okay. After you gain entry into the apartment complex or
17 building, what do you do?

18 PAK: We were told that the incidents, the incident was on the third floor, so we
19 took the stairs to the third floor and, uh, as soon as we entered the hallway it was
20 directly to our left.

21 [REDACTED] Okay, and as you're walking up the stairs can you hear any, can
22 you hear any sounds coming from, you know, any of the apartments?

23 PAK: I don't remember.

24 [REDACTED] Okay, could you hear any commands by, uh, other officers that
25 were there while you're in the, walking from outside, uhm, up the stairs?

1 PAK: I don't remember.

2 [REDACTED] Okay, uhm, you sa-, said that once you got out, out of the stairs
3 you came out into the hallway and then the o-, your, the other officers were to
4 your left?

5 PAK: Yes.

6 [REDACTED] Okay, then what'd you do?

7 PAK: I was just standing by as a backing unit.

8 [REDACTED] Okay, and where did you position yourself?

9 PAK: To the right of the door.

10 [REDACTED] So facing the door to the right or --

11 PAK: Facing the door, correct.

12 [REDACTED] Okay, so that would be north of the door?

13 PAK: So, uh, that would be, I was set up east of the door, I guess 'cause the
14 door faces --

15 [REDACTED] The other, the officers were, were on the east side of the door in
16 the hallway, correct?

17 PAK: Correct.

18 [REDACTED] But where were you in relation to the, if you're facing the door as
19 we are right now facing this door, uh where, where would you, where were you
20 set up backing?

21 PAK: I was pretty much like, like right about there.

22 [REDACTED] Okay, so, you're, and you're indicating it's kinda like northeast of
23 the side of the door. Well what happened next?

24 PAK: Uhm, I don't know which officer it was, but they kept telling the suspect to
25 open the door to let us in. Uhm, he was still refusing.

1 [REDACTED] And how was he refusing?

2 PAK: Just by not opening the door for us, uhm, not unlocking it.

3 [REDACTED] Could you hear, was he saying anything?

4 PAK: I could hear him mumbling. I don't know what he was saying.

5 [REDACTED] And is it because you're behind everybody, your were, weren't as
6 close to the door or --

7 PAK: I suppose so, yeah. That's about right.

8 [REDACTED] Okay, you could hear voices coming from inside the apartment?

9 PAK: Yes, sir.

10 You, you're not able to make 'em out?

11 PAK: No.

12 [REDACTED] Okay, do you hear, uhm, could you tell how many voices were
13 inside the apartment?

14 PAK: One.

15 Just one? And was it a male or a female?

16 PAK: Male.

17 [REDACTED] Male. Uhm, and when what happened?

18 PAK: Officer [REDACTED] obtained I guess it's like a universal key for the apartments from
19 the manager, and he kept trying to unlock it, and every time he unlocked it and tried to
20 push the door in it was stuck, like someone was behind the door. Uhm, he tried several
21 times, but it wasn't working, and at one point tried again. Let go, and then the door just
22 locked again, so --

23 [REDACTED] Okay. Then what happened?

24 PAK: Uh, at that point Officer [REDACTED] grabbed the battering ram and started
25 hitting the door.

1 [REDACTED] And, and what happened next?

2 PAK: Uh, when he was hitting the door you could hear, I could hear the suspect
3 screaming. I don't know what he was saying, but I could hear him screaming or yelling
4 at us.

5 [REDACTED] Okay, and then what happened?

6 PAK: Uhm, he was able to break in the bottom lock and then the top lock which
7 left two big holes of where the locking mechanism was.

8 [REDACTED] Okay.

9 PAK: Officer [REDACTED] grabbed the pepper spray, and he sprayed through one of the
10 holes. You could hear the suspect get more irritated, and I, th-, I'm pretty sure I heard
11 him cough. Uhm, at that point Sergeant Ventimiglia kicked in the door.

12 [REDACTED] Okay.

13 PAK: We entered.

14 [REDACTED] So, so do you remember who, uhm, who entered first?

15 PAK: Uh, Sergeant Ventimiglia.

16 [REDACTED] Okay.

17 PAK: And then it was [REDACTED] Simonzad.

18 [REDACTED] Okay.

19 PAK: And I don't know if it was myself or Officer [REDACTED] next, but I went to the
20 right of [REDACTED] and, uh, Officer [REDACTED] went to the left.

21 [REDACTED] Okay.

22 PAK: I heard [REDACTED] Simonzad yell out knife.

23 [REDACTED] Okay.

24 PAK: And, uh, I was able to see the suspect. I had a clear view of the suspect,
25 and I saw him holding a big, it looked like a big kitchen knife --

1 [REDACTED] Okay, and you're indicating with your right hand he was holding a
2 knife?

3 PAK: Yes, sir.

4 [REDACTED] Could you tell, uhm, you say a big kitchen knife. Can you
5 describe it? How big are we talking?

6 PAK: Uh, it was probably about a good eight to ten inches.

7 [REDACTED] Okay.

8 PAK: Uh, it was probably about maybe three to four inches wide.

9 [REDACTED] Okay, and in his hand could you tell how he was holding it?

10 PAK: Uh, with the blade coming from the top of his hand.

11 [REDACTED] Okay, so he's grip, he's gripping the handle, and the blade is
12 sticking upright from the top of his hand?

13 PAK: Yes, sir.

14 [REDACTED] Okay, and, uh, and where -- when you see him, uhm, where are
15 you in relation inside the apartment?

16 PAK: I was to the far right.

17 [REDACTED] Okay, and the far right is a solid wall?

18 PAK: Yes.

19 And, uh, is there a table in that general area?

20 PAK: Yes.

21 [REDACTED] Okay, and are you, uhm, what side, or in, in relation to the table
22 where were you?

23 PAK: Uhm, I was probably like directly behind the table.

24 [REDACTED] Okay, was the table pushed up against the wall or pretty close to
25 the wall preventing you from, uhm, a clear access?

1 PAK: Yes.

2 [REDACTED] So for you to m-, to get by, would you have had to move the
3 table, or you, could you walk, could you walk around it?

4 PAK: Not to the right of it, no.

5 [REDACTED] Okay, uhm, so you're to the right. You described the other
6 officers to your left and, and Sarge. Uhm, he's holding the knife. Where is he,
7 uh, in relation to the apartment?

8 PAK: He was in the doorway between his bedroom and the living room.

9 [REDACTED] Okay.

10 [REDACTED] And he is the, the suspect?

11 PAK: Suspect, correct.

12 [REDACTED] Okay, and at this point do you see anybody else in the room?

13 PAK: No.

14 [REDACTED] Okay, and is he facing you or is he away from, what's his body,
15 uh --

16 PAK: Uh, he's facing us.

17 [REDACTED] Okay, he's face --

18 PAK: In an aggressive manner.

19 [REDACTED] Okay, and can you describe his aggressive, uh, manner?

20 PAK: Uh, hi-, his demeanor, his hands were clinched like he wanted to fight us.
21 He was just in the kind, in like that fighting stance.

22 [REDACTED] Okay, and fighting. Can you describe the fighting stance, what
23 that means to you?

24 PAK: Like, uh, in a sense how officers are. Uhm, they're just always ready.

25 They have one foot a little further back than the other foot, kind of like a boxer stance I

1 guess.

2 [REDACTED] Okay, uhm, and could you tell, uhm, -- so you see him, he's
3 holding a knife. Then what happens? You, you already heard somebody say
4 knife and you see it, and he appears aggressive. Uh, then what happens?

5 PAK: Well as soon as he yelled out knife, uhm -- it was really quick. I drew my,
6 my gun. Uhm, I saw the suspect with the knife, and he starting taking, or he started
7 advancing towards us, and that's when the shots fired.

8 [REDACTED] Okay, so, when you say advanced towards you or towards us,
9 what specifically was he doing?

10 PAK: Uh, he, well he took a step forward and --

11 [REDACTED] Do you remember if that was his, with his right foot or left foot?

12 PAK: I don't remember.

13 [REDACTED] Okay, but he started to, his body went forward?

14 PAK: Correct.

15 [REDACTED] Okay, and, uhm, you, what, you said shots fired. Uhm, how
16 many shots did you, did you fire?

17 PAK: I fired one.

18 [REDACTED] You fired one shot?

19 PAK: Yes, sir.

20 [REDACTED] Why did you shoot?

21 PAK: I was in fear for the safety of my fellow officers, 'cause he wasn't listening
22 to our commands. Uhm, I thought he was gonna stab one of us. Uhm, it was within,
23 our distance was probably within about ten feet, so that was my main concern.

24 [REDACTED] Was that he was gonna, if you didn't shoot he would've stabbed
25 one of, stabbed you or one of the other officers?

1 PAK: Yes, sir.

2 [REDACTED] And you said something about commands, uhm, or he wasn't
3 following directions or commands. Uhm, as officers went in you mentioned you
4 were potentially third or fourth into, into the room. Uhm, did you hear officers
5 giving commands of any sort?

6 PAK: I don't remember

7 [REDACTED] Did you give any commands?

8 PAK: I don't think I did.

9 [REDACTED] And, uh, you said he was aggressive. He started to come
10 towards, uh, the group of officers, at least take one step, and you felt the need to
11 fire one round, uhm, or you fired one round. Uhm, what happened after you fired
12 that one round?

13 PAK: Uhm, he fell to the ground.

14 [REDACTED] Okay, did you notice if anybody else had shot at that time?

15 PAK: Uh, I knew someone did, 'cause I heard, a couple shots.

16 [REDACTED] Okay, so you, did you hear other shots prior to you shooting?

17 PAK: Yes.

18 [REDACTED] Okay, and ho-, how much timeframe, if you know, between their
19 shots and your shot?

20 PAK: Uhm, it was quick. There was maybe a second.

21 [REDACTED] Okay, had you already decided there was a need for you to fire
22 before hearing those other shots?

23 PAK: If he advanced towards us, yes.

24 [REDACTED] I think I, let me ask that in a different way. Are you, did you take
25 that one shot, uhm, based on, uhm, your perceived threat from the suspect,

1 uhm, or was it, or did you shoot because the other officers were shooting in the
2 room?

3 PAK: No, based on the threat that the suspect was, uhm, showing us, I guess.

4 [REDACTED] Okay, and, 'cause at the time that you shot, was his bod, was his
5 body, uhm, upright?

6 PAK: Yes.

7 [REDACTED] Okay, and, uh, after the shooting, what happened to the suspect?

8 PAK: Uh, he just fell to the ground.

9 [REDACTED] Okay, and when he fell to the ground, how did he fall?

10 PAK: I don't, I don't remember how he fell.

11 [REDACTED] About where did he fall?

12 PAK: Uhm, in the, around the same area.

13 [REDACTED] Okay, and the same area being where?

14 PAK: I think he might've taken a step back and then fell more inside the
15 bedroom.

16 [REDACTED] Okay, so he took a step back and fell into the bedroom?

17 PAK: Yes, sir.

18 [REDACTED] Okay, and then after he fell what, what did you do?

19 PAK: Uhm, uh, we approached the suspect.

20 [REDACTED] Okay, what specifically did you do?

21 PAK: I, I approached the suspect still with my gun drawn just to make sure that,
22 uh, the immediate threat was, was no longer there. I saw that the knife was out of his
23 hand, probably about two feet from his hand.

24 [REDACTED] And two feet in what direction from his hand?

25 PAK: That would be the, uh, east, northeast.

1 [REDACTED] Northeast of his hand, okay. Uhm, his head was facing which
2 way in the bedroom if you remember?

3 PAK: His head was facing upright to the east.

4 [REDACTED] And his legs were in which general direction?

5 PAK: West.

6 [REDACTED] And, uh, was he on the floor or was he on the bed?

7 PAK: Floor.

8 [REDACTED] He was on the floor. Okay, and where were his hands?

9 PAK: Uhm, they were sprawled out, so --

10 [REDACTED] And when you said sprawled out, you kind of took your arms to
11 the side. Uhm, were they to his side. Were they across his chest? Were they
12 over his head, if you remember?

13 PAK: From what I remember they were to the side.

14 [REDACTED] Okay. What happened next?

15 PAK: I heard, I think it was Sergeant Ventimiglia, uhm, go over the radio and say
16 shots fired, uh, and asked for, immediately asked for an RA Unit.

17 [REDACTED] Okay, and RA stands for, is it a rescue --

18 PAK: Yes.

19 [REDACTED] -- uhm, unit. And, uh, then what'd you do?

20 PAK: Uh, just secured the scene.

21 [REDACTED] Okay, uhm, after the shooting you said you walked up, covered
22 the suspect, right, with your gun?

23 PAK: Yes, sir.

24 [REDACTED] When you walked, when you made that approach, uhm, did you
25 have to go, uh, -- how'd you get around the table I guess is my question.

1 PAK: I went to the left of it.

2 [REDACTED] To the left of it, and, uh, uhm, and then you walked west towards
3 the bedroom?

4 PAK: Correct.

5 [REDACTED] Okay, and, uhm, you said you covered the suspect? At, at that
6 point was there any, could you see if there was anybody else in the room?

7 PAK: The, I guess the girlfriend or the spouse. Uh, she came out of the
8 restroom.

9 [REDACTED] A female came out of the bathroom?

10 PAK: Yes.

11 [REDACTED] And in relation to the bedroom, where's the bathroom?

12 PAK: Uh, right next to it, uh, to the east.

13 [REDACTED] To the east?

14 PAK: Uh-huh (AFFIRMATIVE).

15 [REDACTED] Okay, did you see her actually emerge from the bathroom or,
16 uhm, was she in the bedroom when, as, as you walked up?

17 PAK: No, I saw her emerge.

18 [REDACTED] Okay, so was the door to the bathroom closed prior to her
19 emerging, or was it open?

20 PAK: I think it's a little, it's like a short hallway, I th-, if I remember correctly,
21 uhm, so I, I don't, I wasn't able to see the door, but I did see her come out.

22 [REDACTED] Okay, and what was she wearing?

23 PAK: A towel.

24 [REDACTED] Okay, and could you tell her hair, was it wet or dry?

25 PAK: I think she had a towel around her head.

1 [REDACTED] Okay, and, uh, what did she do when she came out of the
2 bathroom?

3 PAK: Uhm, I don't remember. I know we just got her out of there real quick.

4 [REDACTED] Okay, and when you say we got her out of there, what do you,
5 what do you mean by that?

6 PAK: Or the handling officers. I guess it was maybe Officer [REDACTED] or [REDACTED] I
7 don't, I don't remember which officer it was.

8 [REDACTED] Somebody escorted her out of the room?

9 PAK: Yes, sir.

10 [REDACTED] And you, can, as this was going on, did, were you continuing to,
11 uhm, cover the suspect?

12 PAK: Yes, sir.

13 [REDACTED] And why, why'd you continue to cover the suspect?

14 PAK: Uhm, he was still moving. You could see him still breathing, so we just
15 didn't want to make -- we wanted to make sure that he doesn't go for a knife again.

16 [REDACTED] Okay, so you were, and, uh, did you know if there was any other
17 weapons inside the house?

18 PAK: No, sir.

19 [REDACTED] Okay. Did you know if there was a gun inside the house?

20 PAK: No, sir.

21 [REDACTED] Okay, but you were able to see the, where, the knife that he was
22 holding prior to the shooting you, you knew where that one was at? It was
23 approximately -- how far away from his, uh, his body was the knife do you think?

24 PAK: A couple of feet.

25 [REDACTED] I think that's what you said, a couple feet. Uhm, then what,

1 what'd you do?

2 PAK: Uhm, that was it.

3 [REDACTED] Okay, how, while you were there did rescue respond?

4 PAK: Yes.

5 [REDACTED] And did they begin to treat the suspect?

6 PAK: Uh, when they arrived on scene I exited the residence.

7 [REDACTED] Okay, at what point that, when they arrive did you exit the
8 residence?

9 PAK: I think when they said they were on scene. Uh, that's when I exited the
10 residence, and that's when, uhm, the RA's, they came upstairs and they went inside.

11 [REDACTED] Okay, so, uhm, so when you heard that they were on scene you
12 felt that, well -- why did you leave prior to the RA's getting there and performing,
13 or begin to treat?

14 PAK: 'Cause the area was so cramped I wanted to make sure that they have
15 enough space to do (Talking over).

16 [REDACTED] Was there other officers still there, uhm, providing cover?

17 PAK: Yes, sir.

18 [REDACTED] And so, uhm, you left to provide room?

19 PAK: Yes, sir.

20 [REDACTED] And, uh, so where'd you go after you left the, the apartment?

21 PAK: Uhm, just directly outside or in the hallway.

22 [REDACTED] So in the hallway of the third floor?

23 PAK: Correct.

24 [REDACTED] Okay, and, uh, as you were standing there what'd you witness?
25 What'd you see?

1 PAK: Uhm, just the RA units coming in an out just to try to help the guy, uh, help
2 the suspect.

3 [REDACTED] Okay, at some point did, uh, did you hear anybody request for the
4 defibril-, defibrillator, uhm, from the watch commander's car?

5 PAK: I think it was Officer [REDACTED]

6 [REDACTED] He asked for it or went and got it?

7 PAK: I think he requested for it. I think it was [REDACTED] that retrieved it.

8 [REDACTED] Okay, and did you see that come into the apartment?

9 PAK: I don't remember.

10 [REDACTED] Okay, and then you were outside, and you saw the, the rescue
11 going in and out?

12 PAK: Yes, sir.

13 [REDACTED] And did you see, at some point did you see, uh, the suspect
14 leave?

15 PAK: Uhm, when we were outside the apartment building, uh, we saw him
16 getting carried out.

17 [REDACTED] So at some point while rescue was, was going in and out of the
18 apartment did you decide to leave the hallway?

19 PAK: Uhm, it wasn't my decision. We were instructed to leave.

20 [REDACTED] Okay.

21 PAK: By the chief.

22 [REDACTED] Okay, and that's because you have other obligations during that
23 day?

24 PAK: Right.

25 [REDACTED] Uhm, so he directed you to leave. As you're leaving you saw, did

1 you see the suspect, uh, get loaded in an ambulance?

2 PAK: Uhm, I didn't watch him. I just saw him being carried out, and that was it.

3 [REDACTED] Okay, and was he carried out, if you know, on a, uhm, just on a
4 board or was it the entire gurney?

5 PAK: On a gurney, the entire gurney.

6 [REDACTED] With the wheels and everything?

7 PAK: Yes, sir.

8 [REDACTED] Okay, and you saw, uhm, where did you see him coming out? Or
9 at what point did you see the suspect, uh, at, coming out of? Was it in the lobby,
10 coming out of the doors of the apartment or just coming up the street?

11 PAK: Out of the doors.

12 [REDACTED] Okay, and you s-, okay, and he was on a gurney at that point?

13 PAK: Yes, sir.

14 [REDACTED] Okay, uhm --

15 [REDACTED] Officer [REDACTED] [REDACTED]

16 PAK: Yes, sir.

17 [REDACTED] Pak, okay. I'm Sergeant [REDACTED] So, uhm, I'm gonna ask you a
18 few questions. Some of the questions may be sim-, similar to his.

19 PAK: Uh-huh (AFFIRMATIVE).

20 [REDACTED] What's your regular shift?

21 PAK: Uh, Thursday, Friday, Saturday nights, graveyards, 6:00 p.m. to 6:00 a.m.

22 [REDACTED] So you work graveyards?

23 PAK: And every other Wednesday.

24 [REDACTED] Just give me a quick break here for a second. My battery's getting

25 low.

1 [REDACTED] Oh, okay, yeah. We'll go off tape.

2 [REDACTED] No, don't go off tape. Can we stay on? We can stay on.

3 [REDACTED] Oh, we're gonna stay on?

4 [REDACTED] Just stay on.

5 [REDACTED] Okay.

6 [REDACTED] It'll take me two second to throw this thing in. Nope, that one's dead
7 too.

8 PAK: Need a battery?

9 [REDACTED] I'm looking. I'm looking for that. Okay, go ahead.

10 [REDACTED] Okay. While working the Swap Meet in overtime you responded to
11 a radio call?

12 PAK: Yes, sir.

13 [REDACTED] And what kind of radio call was that?

14 PAK: 273.5 in progress.

15 [REDACTED] And what is that?

16 PAK: Uh, domestic violence, a felony.

17 [REDACTED] Is there, did you hear any specifics about that dom, domestic
18 violence, the, any narrative with that radio call?

19 PAK: I don't remember.

20 [REDACTED] Uhm, you, uh, arrived there. Uh, do you know where to go?

21 PAK: Yes.

22 [REDACTED] Where do you go?

23 PAK: On Harding.

24 [REDACTED] Okay, you, when you get to Harding what do you do?

25 PAK: Uhm --

1 [REDACTED] And specifically, do you know which apartments? In the apartment
2 complex do you know which apartment, apartment complex you're supposed to go to?

3 PAK: I had a general idea.

4 [REDACTED] Okay which one's that?

5 PAK: It was, uh, it was the one on the east. It was a, it was a newer building
6 that was built, a newer property building.

7 [REDACTED] Okay. Do you remember the suspect's apartment? Do you know
8 what floor that's on?

9 PAK: It was on the third floor.

10 [REDACTED] Do you know, know what apartment number?

11 PAK: I don't remember.

12 [REDACTED] Okay, do you take the stairs or do you take the elevator to the third
13 floor?

14 PAK: Stairs.

15 [REDACTED] Oh, you took the stairs?

16 PAK: Yes, sir.

17 [REDACTED] You get to the third, uh, floor. You see any other officers?

18 PAK: Yes, sir.

19 [REDACTED] Okay, uhm, do you know how long those other officers were there
20 at the department before you arrived?

21 PAK: I don't know.

22 [REDACTED] Okay, they didn't tell you how long they were --

23 PAK: No, sir.

24 [REDACTED] Okay, and did it seem to you that they, the officers wanted to make
25 entry into the, into the apartment?

1 PAK: Yes, sir.

2 [REDACTED] And do you know why they wanted to make entry?

3 PAK: Uhm, based on the, the severity of the crime.

4 [REDACTED] So was it your understanding that all they had was a, was a 273.5 in
5 progress?

6 PAK: Yes, sir.

7 [REDACTED] Did you know whether or not the, the victim of this 273.5, uh, where
8 that person was?

9 PAK: Uh, I don't know.

10 [REDACTED] So no one told you whether they had the victim somewhere
11 sequestered or was the victim still inside the apartment? Did you know either way?

12 PAK: No, sir.

13 [REDACTED] Okay. So you didn't know why they needed to make entry?

14 PAK: No, sir.

15 [REDACTED] Once, uh, and you said [REDACTED] rammed the door and was not
16 successful?

17 PAK: Yes.

18 [REDACTED] Opening the door?

19 PAK: Yes, sir.

20 [REDACTED] Okay, uhm, when we looked at the apartment there was some
21 stickers on the door, uh, a little, uhm, badge stickers?

22 PAK: Yes, sir.

23 [REDACTED] Do you know who put that on?

24 PAK: I believe it was Sergeant Ventimiglia.

25 [REDACTED] Was, was that put on while you were there or was it before you

1 arrived?

2 PAK: It was before.

3 [REDACTED] Okay, so the door opens and you indicated, uh, the sergeant was,
4 entered first?

5 PAK: Yes, sir.

6 [REDACTED] Who was second?

7 PAK: I believe it was Officer Simonzad.

8 [REDACTED] And then who's third?

9 PAK: It was either myself or Officer [REDACTED]

10 [REDACTED] You make entry into the apartment?

11 PAK: Yes, sir.

12 [REDACTED] Okay. How far, and you say, and you indicated to my partner that
13 you went to the right?

14 PAK: Correct.

15 [REDACTED] How far were you in the apartment when you first observed the
16 suspect, or was it when you were outside the apartment?

17 PAK: No, we were, uh, I was part of the, it was real quick, uh, maybe within less
18 than five feet.

19 [REDACTED] So you were five feet inside of the apartment?

20 PAK: Less than five feet.

21 [REDACTED] When you, uh, when you made entry or when you first observed the
22 suspect?

23 PAK: Yes, sir.

24 [REDACTED] Were the lights turned on?

25 PAK: I don't remember.

1 [REDACTED] Okay. Was there any, was the apartment dark. Was it brightly lit?

2 PAK: Uh, it was, it wasn't brightly lit. I mean it was, there was light inside there.

3 [REDACTED] Okay, and then, uh, I wasn't too clear on the, where the suspect
4 was at when you first made his observation.

5 PAK: Uh-huh (AFFIRMATIVE).

6 [REDACTED] Where was he at?

7 PAK: He was in the doorway between the living room and their bedroom.

8 [REDACTED] Okay, and it was like, and I saw the apartment. It's not a traditional
9 doorway like a, a normal, normal pedestrian doorway. It's, is it a larger, uh, doorway?

10 PAK: I don't remember.

11 [REDACTED] Okay. Was he facing you?

12 PAK: Yes, sir.

13 [REDACTED] Okay. And then you indicated that the knife was, uh, blade was
14 protruding from his fist?

15 PAK: Correct.

16 [REDACTED] Uhm, okay. And could you see the, uh, the handle of the, uh, the
17 knife?

18 PAK: I don't remember.

19 [REDACTED] You don't remember if you could see it or not?

20 PAK: Correct.

21 [REDACTED] And, uh, he was facing your, uh, facing you and the other officers?

22 PAK: Yes, sir.

23 [REDACTED] And what's the distance between you and the other officer, or you
24 and the suspect?

25 PAK: Probably within ten feet.

1 [REDACTED] How soon when you first observed him when he approached your
2 position? You said that he had walked towards your position or took a step forward?

3 PAK: It was real quick, uh, a couple of seconds.

4 [REDACTED] Okay, and what, in what position was the knife? I know it was
5 protruding from his fist, but was it lowered, raised, over his head, how was it?

6 PAK: It was raised, uh, waist level.

7 [REDACTED] Waist level?

8 PAK: Yes, sir.

9 [REDACTED] And, uhm, how was his face? Did, was it, did he seem angry,
10 happy or no expression on his face?

11 PAK: No, he seemed pissed off.

12 [REDACTED] Now, what made you think that he was pissed off?

13 PAK: Just his mannerism, uhm.

14 [REDACTED] Which was what?

15 PAK: Just his aggressive, I mean you could just see it in his face. Uhm, he just
16 did not look happy at all with us being there, with us entering his residence.

17 [REDACTED] Okay. What did he say?

18 PAK: I don't remember what he said.

19 [REDACTED] Did he say anything?

20 PAK: I don't remember.

21 [REDACTED] You don't remember if he was, he didn't vocalize anything?

22 PAK: I don't remember.

23 [REDACTED] Okay, uhm, now what, as he was approaching you, you started, you
24 said he took a step or two steps? Do you remember?

25 PAK: I believe he took a step towards us.

1 [REDACTED] Towards you. How'd that make you feel?

2 PAK: I was scared. I was scared for my fellow officers. Uhm, I was scared for
3 myself.

4 [REDACTED] What were you scared of?

5 PAK: That he was gonna stab one of us, uhm, cut one of us, cause some
6 serious injury.

7 [REDACTED] And what did you do?

8 PAK: Uhm, I shot him.

9 [REDACTED] And earlier when you were talking to my partner you, and it wasn't,
10 wasn't clear that, you, you said that you, you fired your gun because he wasn't listening
11 to commands. I don't, is that your understanding that he fired, 'cause he wasn't
12 listening to commands or did you fire your weapon because he was a threat to you and
13 your fellow officers?

14 PAK: Well, yeah, he was a threat to us, uhm, and by me saying he wasn't
15 listening to commands I mean he just, that was from the beginning when he wasn't
16 even opening the door.

17 [REDACTED] So it, is it, it would be correct to say that you fired a gun because,
18 uh, he was a threat to you, and you thought he was gonna injure you and your
19 partners?

20 PAK: Yes, sir.

21 [REDACTED] Okay. Now did you, or did you observe any of your fellow officers
22 providing any medical treatment on the suspect?

23 PAK: I don't remember.

24 [REDACTED] Okay.

25 PAK: I didn't.

1 [REDACTED] Okay. Uh, did you watch any video, uh, pertaining to this, uh,
2 incident prior to this interview?

3 PAK: Uh, yes.

4 [REDACTED] Oh, you have? And, uh, do you know what video that was?

5 PAK: The one that Officer [REDACTED] had.

6 [REDACTED] Uhm, do you know how that was videotaped, who videotaped that?
7 Did [REDACTED] video tape it, if you know?

8 PAK: No, the manager did.

9 [REDACTED] The manager videotaped?

10 PAK: Yes, sir.

11 [REDACTED] Uh, how'd he do that?

12 PAK: He was just holding the phone.

13 [REDACTED] Oh.

14 PAK: Towards our direction I guess.

15 [REDACTED] So it was [REDACTED] phone that, uh, he was videotaping with?

16 PAK: Yes, sir.

17 [REDACTED] Okay.

18 [REDACTED] Uhm, in regards to, uhm, training, prior training that you've had
19 regarding knife assaults, uhm, somebody with a large knife, is that a threat?

20 PAK: Yes, sir.

21 [REDACTED] It's dangerous? Why, why so?

22 PAK: Uhm, just because of the amount of distance they can cover in a short
23 amount of time, uh, depending on how far they are or how close they are to you. Uhm,
24 these are things that you learn in the academy basically, police academy, uhm.

25 [REDACTED] Uhm, I know you mentioned earlier that you were not wearing a

1 vest. Uhm, supposedly other officers were. Uhm, does a protective vest provide
2 protection against a knife?

3 PAK: Uh, not, not really.

4 [REDACTED] So the knife goes through the Kevlar?

5 PAK: It, it definitely can.

6 [REDACTED] So even though officers are wearing vests, uh, someone with a
7 knife is very dangerous?

8 PAK: Yes, sir.

9 [REDACTED] Uhm, that's all.

10 [REDACTED] That's all I have.

11 [REDACTED] I, I don't have any clarifying questions, Sergeant. Thank you.

12 [REDACTED] Okay. Do you have anything that you wanna add that you think is
13 important that we didn't ask?

14 PAK: No, sir.

15 [REDACTED] Okay. It's approximately 1410. We'll go off tape.

-oo0oo-

[REDACTED] It's, uh, Tuesday, October 10th, 2017, approximately 1418 hours. Sergeant [REDACTED] along with Sergeant [REDACTED] from Sheriff's Homicide. We're here investigating an incident that occurred on Sunday, October 8th, 2017, under Sheriff's File Number 017-00108-3199-013, and we're here at San Fernando Police Department in an interview room. Also present is Officer [REDACTED] Simonzad, who is being represented by his attorney.

ATTORNEY: [REDACTED] from the Law Offices of Stone Busailah.

[REDACTED] All right, good afternoon.

SIMONZAD: Hello.

[REDACTED] Back on Sunday, October 8th, what were you working that day?

SIMONZAD: I was working patrol.

[REDACTED] And what unit were you?

SIMONZAD: I was 1-Lincoln-22.

[REDACTED] Is that a dayshift unit?

SIMONZAD: Yes, sir.

[REDACTED] And so what team were you assigned to?

SIMONZAD: It's Team 1.

[REDACTED] And what time did you start your shift on that day?

1 SIMONZAD: 0545.

2 [REDACTED] And what time were you, were you supposed to be off?

3 SIMONZAD: At 1800 hours.

4 [REDACTED] And was that, is that a one-man or a two-man car?

5 SIMONZAD: It's a one-man, sir.

6 [REDACTED] Okay. And on that day, we went on tape on Sunday and we did a
7 round count and we described what you were wearing but just to refresh, it's a patrol
8 uniform?

9 SIMONZAD: Yes, sir.

10 [REDACTED] Blue shirt, patches and badge?

11 SIMONZAD: Yes, sir.

12 [REDACTED] That's full uniform though, right?

13 SIMONZAD: Correct.

14 [REDACTED] With a gun belt?

15 SIMONZAD: Yes, sir.

16 [REDACTED] Okay. Uhm, on Sunday the 8th, was there a call that you
17 responded to?

18 SIMONZAD: Yes, sir, it was a domestic violence call in progress that we were
19 dispatched to.

20 [REDACTED] Okay. And did it come out as a domestic violence or do you guys
21 have a radio code or that...?

22 SIMONZAD: They'll sometimes use the radio code or sometimes just plain
23 English, but I, I believe it came out as a 273-5 in progress, which is the penal code for
24 domestic violence.

25 [REDACTED] Okay. And, uh, were you a, were you assigned, initially assigned

1 the call?

2 SIMONZAD: Yes, sir, I was the handling officer.

3 [REDACTED] So you were the handling officer on that --

4 SIMONZAD: Yes, sir.

5 [REDACTED] -- and were, and were you assigned a backup unit?

6 SIMONZAD: Uh, typically, a call like that, at least one or two other units, I
7 believe, I think all, the whole team rolled out to that.

8 [REDACTED] Okay. Do you remember, as you got the handle on that call, if
9 there was another unit that you were communicating with in regards to the response
10 there?

11 SIMONZAD: I don't remember that, no, sir.

12 [REDACTED] Okay. Where were you at in the city when you received that call?

13 SIMONZAD: I was at the police station.

14 [REDACTED] Were you inside the station or were you in the parking area?

15 SIMONZAD: I was in the report room.

16 [REDACTED] Okay.

17 SIMONZAD: Yes, sir.

18 [REDACTED] And you heard the call go out --

19 SIMONZAD: Yes, sir.

20 [REDACTED] -- how?

21 SIMONZAD: Uh, it just said, I believe it said 273-5 in progress.

22 [REDACTED] What -- was that call, uhm, through the PA system or was it
23 through your radio?

24 SIMONZAD: Through the police radio.

25 [REDACTED] Okay, so from dispatch through the police radio?

1 SIMONZAD: Correct, yes, sir.

2 [REDACTED] And, and you realized you had the handle on it?

3 SIMONZAD: Yes, sir.

4 [REDACTED] Okay. And what'd you do?

5 SIMONZAD: Got outside, got in my patrol vehicle, headed west on 1st Street and
6 then I got to the location, which was on 124 Harding, I made a right, stopped my patrol
7 vehicle, far enough away where I could walk up to, to the residence. I know that it was
8 multilevel and there was balconies, so I wanted to make sure my patrol vehicle was
9 away so I could approach in case somebody was on the balcony or if we received fire
10 from them.

11 [REDACTED] And so did you park on the south side of the complex or on the
12 north side?

13 SIMONZAD: On the south side.

14 [REDACTED] Okay. And do you know if you were the first unit to arrive or was
15 there people already there?

16 SIMONZAD: I believe as I, I pulled up, I saw another unit coming southbound
17 from, I believe it was 2nd street, and I believe that was Officer [REDACTED] [REDACTED] so it was kind
18 of at the same time.

19 [REDACTED] Okay. As you -- what'd you do after you parked your car?

20 SIMONZAD: Exited my vehicle and then walked on the east sidewalk towards
21 the, uh, the complex, and I believe on the way there, I asked if, uhm, if there was any
22 priors or if there was any known weapons on the call, and the dispatch said not at this
23 time, I don't think they knew --

24 [REDACTED] Okay.

25 SIMONZAD: -- (talking over) --

1 [REDACTED] And so when you said, "I asked," that was a question to the
2 dispatch?

3 SIMONZAD: Yes, sir.

4 [REDACTED] And dispatch replied back that they didn't know at this time?

5 SIMONZAD: Correct.

6 [REDACTED] Okay. Then what happened?

7 SIMONZAD: We got inside the complex, the manager actually met with us, the
8 building manager, and told us he was the one that called, he actually said he --

9 [REDACTED] Let me stop you there.

10 SIMONZAD: Sure.

11 [REDACTED] So as you get greeted by the manager, who's present from San
12 Fernando Police Department?

13 SIMONZAD: I believe it was me, Officer [REDACTED] and Officer [REDACTED]

14 [REDACTED] Okay. Uhm, is Sergeant Ventamillia -- [REDACTED] there yet?

15 SIMONZAD: I don't know at that point if he was on scene yet, it may have just
16 been us three.

17 [REDACTED] Okay.

18 SIMONZAD: Yes, sir.

19 [REDACTED] And you, you talked to the manager, what'd the manager tell you?

20 SIMONZAD: He says that he heard, uh, I don't know if he heard directly or
21 somebody told him that there was a woman screaming in Apart--Apartment [REDACTED] and he
22 actually went and door-knocked that residence, and then a male opened up, uhm, and I,
23 I don't know how -- he accosted him or, or yelled at him or said, "Get, get out of here,"
24 something to that effect, so the manager got frightened and then left that location and
25 called us.

1 [REDACTED] Okay. From the time that the, that this call went out through
2 dispatch to your arrival at the apartment, took -- it's about how long, timeframe?

3 SIMONZAD: I'd say a few minutes.

4 [REDACTED] Okay.

5 SIMONZAD: Yes, sir.

6 [REDACTED] And when you're talking to the manager, how long is he saying
7 that this, the screaming with the woman and then him door-knocking and now greeting
8 you, how, how much time has elapsed?

9 SIMONZAD: From my understanding, it was pretty much a few minutes.

10 [REDACTED] Okay. So this isn't something that happened hours prior and he's
11 reporting it?

12 SIMONZAD: Not to my understanding, no, sir.

13 [REDACTED] Okay. It was ver--very immediate?

14 SIMONZAD: Yes, sir.

15 [REDACTED] How did the manager seem?

16 SIMONZAD: Uh, he seemed distraught, he seemed worried, he was genuinely
17 concerned, uhm, and he expressed some concern to me about the, the woman inside
18 the apartment as well, for her safety.

19 [REDACTED] Okay. So what'd you guys do?

20 SIMONZAD: Uh, we went to the residence, I believe Sergeant Ventimiglia joined
21 us at that time, we were outside Apartment 301, I let dispatch know that we had
22 knocked on the door and that the subject or whoever was inside, we identified
23 ourselves, I told him to open the door and all I heard back from the inside was, uh,
24 "You're gonna have to fucking kill me, I'm gonna take you down," that's what I heard
25 from the inside. And I kept trying to keep an open line of communication and try to get

1 him to open the door. I told him, "We're here to help, we're not here to hurt you, just
2 open the door so we could talk," and then I didn't understand what he said after that, it
3 was just cursing, I couldn't --

4 [REDACTED] Now, when you say cursing, we're all adults, what's he saying?

5 SIMONZAD: I heard, "Fuck," but I just couldn't hear exactly what he was saying,
6 he just seemed really angry, uh, his voice was really loud.

7 [REDACTED] And during this time, how many voices are you hearing from
8 inside the apartment?

9 SIMONZAD: All I could hear was one male, and I knew there was supposed to
10 be a female and I couldn't hear anything else, it was just him.

11 [REDACTED] So no, there was no female responses like, "Hey, I'm okay," or
12 anything like that?

13 SIMONZAD: No, sir.

14 [REDACTED] Okay. Could you hear -- could you tell if there was any other
15 noises coming from inside the apartment? At --

16 SIMONZAD: I could not.

17 [REDACTED] Okay. And could you tell if there was a TV on or anything like
18 that?

19 SIMONZAD: I don't remember, no, sir.

20 [REDACTED] Okay. So you're outside, as you're standing near the door, do
21 you remember facing the door, which side of the door you were on?

22 SIMONZAD: Yes, sir, I was to the right side of the door.

23 [REDACTED] Okay. And so immediately to your right, is there another
24 apartment?

25 SIMONZAD: Yes, sir, there's an apartment next to that to the right, and there

1 was an elder gentleman that lived there, uhm, I don't remember his name.

2 [REDACTED] Okay. And then, uh, and then is that the end of the hallway after
3 his apartment?

4 SIMONZAD: Yes, sir.

5 [REDACTED] Okay. And, uh, were you closest to the door or was there another
6 officer in front of you?

7 SIMONZAD: Well, I was to the right, uhm, I don't know if there was somebody
8 else closer maybe to the left of the door but --

9 [REDACTED] No, I'm saying between you and the door, was there anybody --

10 SIMONZAD: No.

11 [REDACTED] -- any other officers there?

12 SIMONZAD: No, sir.

13 [REDACTED] Okay. And you said you were trying to keep an open line of
14 communication with the suspect, and, uhm, and as you, so what were some of the
15 things that you were saying?

16 SIMONZAD: So, typically, to avoid any confusion, I just, I was making sure that
17 I'm the handling officer, to continue that line of communication so he could just hear one
18 voice. So I just kept saying something to the effect of, you know, "Open the door, we're
19 not here to hurt you, we want to make sure everybody's okay. Just come out here and
20 talk to me." I asked him a few times what his name was, he didn't respond to that
21 specific question, but more or less, just open the door, we're here to help you, it's San
22 Fernando PD.

23 [REDACTED] Okay, and you had announced San Fernando PD --

24 SIMONZAD: Yes, sir, several times.

25 [REDACTED] -- several times?

1 SIMONZAD: Yes, sir.

2 [REDACTED] And his response to you was --?

3 SIMONZAD: The only thing I remember was just the, uh, you know, "You're
4 gonna have to fucking kill me and I'm gonna take you out," that's what I distinctly
5 remember, but nothing else.

6 [REDACTED] Okay, so then what happens next?

7 SIMONZAD: Uh, I asked Sergeant Ventimiglia if we can get, uh, a ram to
8 actually open the door, so he radioed Officer Pak and Officer [REDACTED] to bring the, the,
9 the ram on the way up, and they brought, brought the ram. I let dispatch know that
10 subject is not opening the door and we're gonna make entry, and then Officer [REDACTED]
11 started ramming the door.

12 [REDACTED] Before he rammed the door, I noticed that there were some
13 stickers of some sort that were on the, uh, on the peepholes, what -- how did that come
14 into play?

15 SIMONZAD: Sergeant Ventimiglia at some point said, I think he told Officer
16 [REDACTED] "Just tape it up because there's the two," I guess they call it peepholes or it's
17 just so that he can't see outside. Uhm, just to give us some type of a tactical advantage
18 in case he is looking at us from the inside.

19 [REDACTED] And what -- do you know how those got taped up? Or who did it?

20 SIMONZAD: It was Officer [REDACTED] I believe.

21 [REDACTED] Okay.

22 SIMONZAD: Yes, sir.

23 [REDACTED] Uhm --

24 [REDACTED] Had he used the stickers or something?

25 SIMONZAD: It was like a police badge, uh, San Fernando Police badge stickers

1 that we give out to the kids.

2 [REDACTED] Uh-huh (AFFIRMATIVE).

3 [REDACTED] Prior to ramming the door, was there any attempt to, uh, unlock
4 the door?

5 SIMONZAD: Yes, sir. We tried the handle, that was locked, we tried to unlock it
6 using --

7 [REDACTED] So when you say "we," uh, who specifically?

8 SIMONZAD: It was Officer [REDACTED] and, and myself, and the, the building manager
9 provided us the key, so we tried to unlock it with the key, uhm, and it, we, we were not
10 successful.

11 [REDACTED] So what, in what aspect -- what were you doing to -- explain how
12 you --

13 SIMONZAD: Sure.

14 [REDACTED] -- tried to unlock the door.

15 SIMONZAD: So Officer [REDACTED] was trying the key, I tried the key as well, I pulled on
16 the handle, it was, it was not budging. I pushed on the door, uhm, several times, it
17 wouldn't budge, it -- I thought he had put something on the other side of the door, uhm,
18 that was keeping us from opening it, so we could, we could not gain access that way.

19 [REDACTED] As, as you were trying to unlock, there was two locks on the door,
20 correct?

21 SIMONZAD: Yes, sir.

22 [REDACTED] As you were trying to unlock one, did you, did you, could you hear
23 anything happening to the other locks?

24 SIMONZAD: I could not hear but I felt like maybe someone was bracing it or
25 relocking it again when we were trying to --

1 [REDACTED] Okay.

2 SIMONZAD: -- unlock it.

3 [REDACTED] Uh, uhm, at some point, was the second key requested?

4 SIMONZAD: I don't remember, sir.

5 [REDACTED] If you remember. Okay.

6 SIMONZAD: I don't remember.

7 [REDACTED] And so at some point, it was determined that trying to open the
8 door with keys was not gonna work?

9 SIMONZAD: Correct.

10 [REDACTED] And what was the urgency to get inside the, the room?

11 SIMONZAD: What I was thinking to myself, and also relaying to the other
12 officers, uh, my concern, if she was injured or hurt or down, 'cause I couldn't hear her at
13 all, so my concern was definitely for her safety at that time, and that really gave me a
14 sense of urgency to go in there.

15 [REDACTED] Okay. You said the sergeant asked for a ram, one shows up with
16 [REDACTED] and Pak, then what happens?

17 SIMONZAD: Uhm, we basically, I got a quick game plan, that [REDACTED] gonna
18 try to breach the door and we were gonna make entry, so Officer [REDACTED] rammed the
19 door several times --

20 [REDACTED] Let me stop you there. And you said we, we formed this plan, did
21 you guys have like an order that you were anticipating on going in when the door gets
22 breached, like, did you have a lineup I guess for lack of a better word?

23 SIMONZAD: No -- I don't remember coming up with a specific order of, of entry.
24 Uhm, I know I had lethal, Venti had the taser --

25 [REDACTED] You said --

1 SIMONZAD: Sergeant Ventimiglia.

2 [REDACTED] Okay.

3 SIMONZAD: Had a taser --

4 [REDACTED] Is his nickname [REDACTED]

5 SIMONZAD: Uh, just, that's what we call him, yeah, I'm sorry.

6 [REDACTED] It's all right.

7 SIMONZAD: Uh, Sergeant Ventimiglia had the taser out, and [REDACTED] was
8 gonna breach the door --

9 [REDACTED] Okay.

10 SIMONZAD: -- but we didn't come up with a specific order of entry.

11 [REDACTED] There -- okay. So, uhm, [REDACTED] is hitting the door then what
12 happens?

13 SIMONZAD: Uh, he hits it several times, the, the lock and the, the deadbolt give
14 way and there's kind of like a, a gaping hole from where he, he rammed the door, and
15 then Officer [REDACTED] [REDACTED] actually took out his pepper spray and through the door, I don't
16 know if he could actually see the subject on the other side, sprayed pepper spray
17 through the door, or through the hole, and then immediately after that, we, we, uh, made
18 entry. I think it was Sergeant Ventimiglia actually kicked in the door.

19 [REDACTED] Okay.

20 SIMONZAD: I believe he was first and I, and I went in after him to the right.

21 [REDACTED] Okay, so as you go in through the door, you say you go to the
22 right? How far into the, into the room do you get before you see the suspect?

23 SIMONZAD: Uhm, as soon as that, that entry was made, I could see him, I had
24 a visual of the, the suspect, and I remember as I was making my way to the right, it's a
25 really small area, I just yelled out, "Knife, knife, knife," 'cause I saw him with a knife in

1 his right hand.

2 [REDACTED] Okay, and as you're going to your right, uhm, how far to the right
3 do you go?

4 SIMONZAD: There wasn't much room, I'd say maybe a foot, two feet.

5 [REDACTED] Is there a table?

6 SIMONZAD: Yes, sir.

7 [REDACTED] And where is that table in relation to you as you're entering the,
8 the room?

9 SIMONZAD: Somewhere to the front, to the right.

10 [REDACTED] So you're, you're between your -- behind the table? Are you --?

11 SIMONZAD: Yeah, kind of obstructed my, my pathway, uhm, so I was probably
12 a few feet from the door.

13 [REDACTED] Okay. So you're in between the door and the table?

14 SIMONZAD: Yes, sir.

15 [REDACTED] Okay. Uhm, you said you, you said, "Knife, knife, knife," uhm,
16 describe what you see.

17 SIMONZAD: I just remember -- I just don't remember which way the blade was, I
18 think it was, it was facing upward in his right hand --

19 [REDACTED] And right now you're, you have, uh, uhm, kind of your right arm
20 extended, uh, and then bent at a 90-degree --

21 SIMONZAD: Yes, sir.

22 [REDACTED] -- and the blade, you said where -- you -- you think was --

23 SIMONZAD: Facing up.

24 [REDACTED] -- facing up --

25 SIMONZAD: Yes, sir.

1 [REDACTED] -- and you have a fist, and it's out to your right side, is that pretty
2 much the --

3 SIMONZAD: Yes, sir.

4 [REDACTED] -- what he -- what he looked like at that time?

5 SIMONZAD: Yes, sir.

6 [REDACTED] I mean, I'm sorry, with -- and was it shoulder-level?

7 SIMONZAD: I would say so. I would say so.

8 [REDACTED] Uhm, and when you say "shoulder-level," about -- his fist was
9 about shoulder level?

10 SIMONZAD: Yes, sir.

11 [REDACTED] And then the blade was extending above it?

12 SIMONZAD: Yes, sir.

13 [REDACTED] Okay. Uhm, where is he in relation to the room?

14 SIMONZAD: I'd say, uhm, somewhere close to the, you would call the entrance,
15 I guess, to the, uh, to the bedroom --

16 [REDACTED] Okay.

17 SIMONZAD: -- area, 'cause it's an opening, there's no real door.

18 [REDACTED] Okay. So there's a, uhm, there's a, there's a gap between the
19 living room and the bedroom?

20 SIMONZAD: Yes, sir.

21 [REDACTED] And he's standing in that basic threshold we'll call it?

22 SIMONZAD: Yes, sir.

23 [REDACTED] Okay. And, uh, how far, what's the distance between the, the
24 suspect and you at this time?

25 SIMONZAD: I would have to guess, and he -- I'd say in that threshold, he was

1 probably, he was much closer to our side, uh, in that threshold. Uhm, I'd say it's -- I'm
2 just guessing here, maybe five, seven feet.

3 [REDACTED] Okay, from your distance?

4 SIMONZAD: Yes, sir.

5 [REDACTED] From you? Uhm, and you say he's holding the knife. What, what
6 is -- what's he doing?

7 SIMONZAD: I just remember him still yelling, I'm not sure, I couldn't tell what he
8 was saying. Uhm, I think we gave it a few seconds where, uh, I don't know who was
9 yelling, "Just drop it, drop the knife," uh, and then he kinda turned this way, towards us -
10 -

11 [REDACTED] Okay, hold on. So you -- right now you just, you, uh, twisted your
12 upper body to the right --

13 SIMONZAD: Yes, sir.

14 [REDACTED] -- uh, you said that was towards you, so, uhm, when you, when
15 you first saw him -- or is your vision, is he squared up to you or is he angled off to you?

16 SIMONZAD: I would say it's more of a cant, I guess, that would be fair to say
17 from my recollection, it was more of, his body was canted towards us, uhm --

18 [REDACTED] And when you say "cant," so which side of his body was closer to
19 you, I guess, was bladed to you, which --?

20 SIMONZAD: I would say if he's, he would be towards the right I guess.

21 [REDACTED] Okay. Uhm, all right. And so he's holding this knife out, and then
22 what, what happened? What do you see happen?

23 SIMONZAD: So he continued to turn towards us more so, where, at that point,
24 uh, I considered it a threat at that point to the safety of, of myself and the officers
25 present. Uhm, I thought he was gonna attack, to be honest, with that knife, so I don't

1 know who fired first, I don't know if it was Sergeant Ventimiglia, but I, I, uh, discharged
2 my firearm, I'm not sure, I think it was one or two rounds, and then shortly thereafter,
3 he, he dropped to the ground.

4 [REDACTED] Okay. Uhm, as you were, uh, you said you feared for them and
5 yourself --

6 SIMONZAD: Yeah.

7 [REDACTED] -- uhm, as you elect -- as you decided that it was important to
8 shoot, uhm, you said somebody else shot?

9 SIMONZAD: Yes, sir, to my left.

10 [REDACTED] Uhm, did you hear that gunshot go off prior to you pulling the
11 trigger?

12 SIMONZAD: Yes, sir.

13 [REDACTED] Or was it kind of simultaneous?

14 SIMONZAD: I think I heard the, the fire from my left, I think it was one round
15 before I did, yes, sir.

16 [REDACTED] Okay. Uhm, did that shoot -- did that, uhm -- the officer from your
17 left pulling the trigger, did that affect your decision to shoot?

18 SIMONZAD: I don't think so, I felt that it was -- the threat was there and I shot
19 when I, when I did.

20 [REDACTED] And you said you fired one to two rounds?

21 SIMONZAD: Yes, sir.

22 [REDACTED] Okay, and you, and you fired one to two rounds because, and
23 you, once again, you said the threat was there. As this, as he was holding the knife and
24 he was, uhm, you know, canted towards you and starting, uhm, could you see his face?

25 SIMONZAD: I don't remember, sir. I don't remember.

1 [REDACTED] Could you tell, uhm, any demeanor?

2 SIMONZAD: I could not, it was just prior to, to the actual shooting, I just
3 remember him yelling loudly, uhm, basically, in a noncooperative manner. I don't know
4 how else to explain it. He just seemed, uh, distraught and just really loud.

5 [REDACTED] So his, his tone of voice was, was loud and, I mean, was he
6 happy, was he angry, was he --?

7 SIMONZAD: He seemed very angry, and it wasn't the tone of somebody that
8 would be cooperating, I guess that's the way I'm trying to explain that.

9 [REDACTED] Okay. So at the time that his body kind of shifts, and he starts to,
10 uhm, does he take any steps in your guys' directions?

11 SIMONZAD: That, I don't remember.

12 [REDACTED] Okay.

13 SIMONZAD: No, sir.

14 [REDACTED] You just saw his, his, his body kind of twist?

15 SIMONZAD: Yes, sir.

16 [REDACTED] Uhm, and loud voice, angry voice, uhm, and you perceived that
17 as a threat?

18 SIMONZAD: Absolutely, sir.

19 [REDACTED] Okay.

20 SIMONZAD: Yes, sir.

21 [REDACTED] And you fired one to two rounds?

22 SIMONZAD: Yes, sir.

23 [REDACTED] Uhm, what happened next?

24 SIMONZAD: Uhm, he fell to the floor, I think he fell on his back, uhm --

25 [REDACTED] Where did he fall?

1 SIMONZAD: Just at that threshold, I think towards the, the bedroom itself, if I
2 remember correctly.

3 [REDACTED] Okay.

4 SIMONZAD: And we started to approach and I just kept yelling at our guys, you
5 know, uh, "Watch your crossfire, muzzle discipline," things like that, moving forward,
6 'cause I didn't know if there was gonna be another threat or whatever else was in the
7 bedroom, uh, so we started to move towards the bedroom. I could hear a female
8 screaming from the bedroom, and we saw the --

9 [REDACTED] All right, let me stop you there.

10 SIMONZAD: Yes, sir.

11 [REDACTED] So prior to, uhm, shooting, uhm, did you see, do you see any
12 other occupants inside the apartment?

13 SIMONZAD: At the point where he had dropped, no.

14 [REDACTED] Okay.

15 SIMONZAD: I could not see any.

16 [REDACTED] Uhm, did you hear any other voices in the apartment? Prior to
17 the shooting?

18 SIMONZAD: I, I don't remember that, sir.

19 [REDACTED] Okay.

20 SIMONZAD: No, sir.

21 [REDACTED] Uhm, as you guys made entry, you didn't hear a female voice?

22 SIMONZAD: I don't recall.

23 [REDACTED] Okay.

24 SIMONZAD: No, sir.

25 [REDACTED] Uhm, so then you were describing, he falls to the -- he falls to the

1 ground, you guys are advancing, uhm, and, uh, you see a female or hear a female, I
2 apologize?

3 SIMONZAD: I believe after he fell, is when I, I distinctly remember her
4 screaming. I, I don't remember her saying anything specifically, she was just
5 screaming, so I knew that she was in there.

6 [REDACTED] Okay, and then, uh, what, what'd you do?

7 SIMONZAD: Uh, as, as I was clearing that corner to, to get a better look into the
8 bedroom, I could see her standing there, I could hear the shower running, uh, I don't
9 know if she was in a towel or she had something covering her, and she was just
10 screaming hysterically, and there was a moment of pause and then I told her, "Come
11 towards me, come towards me," so we can get her out of that area and get her to
12 safety. I'm not sure what officer escorted her out. We got her outside and we basically
13 held that position.

14 [REDACTED] Okay. Describe where, uhm, the suspect's body is, uh, in relation
15 to the bedroom when he fell to the ground.

16 SIMONZAD: So as I cleared the threshold and looked towards the, uh, the
17 bedroom area, I believe it was to the left, he fell to the left of the threshold, and I looked
18 over and I could see the knife in the corner of the room, and it was far enough away
19 where --

20 [REDACTED] So does he fall on the bed or does he fall on the floor?

21 SIMONZAD: It was on the floor, sir.

22 [REDACTED] Okay. And is he, uhm, near the bed?

23 SIMONZAD: I'd say it's a small bedroom so you could say he was close but --

24 [REDACTED] But he's, he's in between the bed and the threshold?

25 SIMONZAD: Yes, sir.

1 [REDACTED] Okay. Which way is his head facing?

2 SIMONZAD: I believe to the left.

3 [REDACTED] Okay, we -- so it's --

4 SIMONZAD: So if I'm looking straight in --

5 [REDACTED] All right, so that'd be the east side of the bedroom?

6 SIMONZAD: It would be -- yes, sir, the east side.

7 [REDACTED] Okay. And his feet were in what general direction?

8 SIMONZAD: The, the west.

9 [REDACTED] The west? Okay.

10 SIMONZAD: Yes, sir.

11 [REDACTED] And how were his arms? When he's on the ground.

12 SIMONZAD: I'm not sure. I'm not sure.

13 [REDACTED] Okay. And you said there was a knife that was nearby?

14 SIMONZAD: Yes, sir, it was to the corner of the room where his head was.

15 [REDACTED] Okay, and so would that be, what direction?

16 SIMONZAD: That would also be to the east.

17 [REDACTED] Okay. And, uh --

18 SIMONZAD: To the northeast.

19 [REDACTED] -- uhm, to the northeast of, of him?

20 SIMONZAD: His head, yes, sir.

21 [REDACTED] Of his head? And was that the same knife that you saw him
22 holding?

23 SIMONZAD: I believe so, yes, sir.

24 [REDACTED] Okay. And, uhm, you, you hold, or, uhm, so what happens next?

25 SIMONZAD: So he was on the ground --

1 [REDACTED] She's escorted out of the room?

2 SIMONZAD: She's escorted out, the knife's there, uh, it was far enough away
3 where we just left it where it was, that's something we communicated with ourselves,
4 just leave it where it is. I noticed he was still breathing, he was gasping for air, uhm, I
5 think Sergeant Ventimiglia almost immediately asked for medical, from Los Angeles Fire
6 Department to respond, I just remember telling him, "Keep breathing, keep breathing,"
7 uhm, and then we communicated again, I let the guys know to clear the, the bathroom
8 area, and make sure there was nobody else there, and we did, and the shower was
9 running, we left that alone, and then --

10 [REDACTED] You actually left it running?

11 SIMONZAD: Yes, sir.

12 [REDACTED] Okay. Uh, did you know if there was any other weapons inside
13 the bedroom?

14 SIMONZAD: I did not, no, sir.

15 [REDACTED] Okay. Uhm, as -- do you -- could you tell if he was, if he was hit
16 by, if he was shot?

17 SIMONZAD: Uhm, yes, sir, I could see blood.

18 [REDACTED] Where, from where?

19 SIMONZAD: I would say his upper left chest area, and I just saw some blood to
20 his left shoulder, side of his left shoulder.

21 [REDACTED] Okay. And was it, uh, he was bleeding? Was it spurting out or he
22 just was bleeding? He was just --?

23 SIMONZAD: It was just bleeding.

24 [REDACTED] Okay.

25 SIMONZAD: Yes, sir.

1 [REDACTED] And you mentioned that he was breathing?

2 SIMONZAD: Yes, sir, he was, he was trying to gasp for air and then there would
3 be a pause and he would try to breathe again, so I just, I kept telling him, "Keep
4 breathing, help's coming help's coming."

5 [REDACTED] Okay. Uhm, at that point, is there any -- would it be, uhm, any
6 need to do CPR?

7 SIMONZAD: Because of the breathing, I, I, I didn't feel the need to do CPR at
8 that point 'cause he was still getting air, I didn't want to obstruct anything or interrupt his
9 chest at all from breathing, so I just left it.

10 [REDACTED] So at that point, he, he, it didn't seem like he needed any rescue
11 breathing or any --

12 SIMONZAD: That is correct.

13 [REDACTED] -- chest compressions or anything?

14 SIMONZAD: Correct.

15 [REDACTED] Okay, then what happens next?

16 SIMONZAD: Uhm, at that point, somebody said the victim needed some
17 clothing, so I reached into one of the, uhm, the cabinets there and I gave, I don't know
18 what it was, it was like pajamas or a shirt, handed that over, and then we just left the
19 scene --

20 [REDACTED] And as you're doing that and, and, and doing, uhm, getting the
21 other clothes, is there other officers that are still maintaining cover on him and --

22 SIMONZAD: Yes, sir.

23 [REDACTED] -- in case --?

24 SIMONZAD: Yes, sir, uhm --

25 [REDACTED] Situation changes?

1 SIMONZAD: The other officers were still in the room, I think it was Sergeant
2 Ventimiglia, Officer Pak, and [REDACTED] were still in the room, who still had their firearms
3 out, and we're covering that, but at that point, we didn't see him as an immediate threat.

4 [REDACTED] Okay.

5 SIMONZAD: So that's when I got the clothing.

6 [REDACTED] Okay. And what happens next?

7 SIMONZAD: Uhm, I believe -- I'm not sure who arrived next. Uh, I believe it was
8 the fire department arrived, and, uh, I'm not sure, I'm not sure who else showed up,
9 uhm, immediately after that, but it was the fire department from my recollection.

10 [REDACTED] Okay, and are you still inside the apartment or are you now out in
11 the hallway or where --?

12 SIMONZAD: I was inside and then when Fire got there, just to give them room to
13 work, I ended up stepping out into the hallway.

14 [REDACTED] Okay. And then, uh, what'd you do next?

15 SIMONZAD: Uh, I just waited there for Sergeant Ventimiglia's direction, and I
16 believe it was Sergeant [REDACTED] who got on scene and said, "I'm here to relieve
17 Sergeant Ventimiglia" and he asked us to go downstairs and meet with the chief.

18 [REDACTED] Okay.

19 SIMONZAD: Downstairs.

20 [REDACTED] And, uh, at some point, did you see Fire take, uh, the suspect?

21 SIMONZAD: When I was already downstairs, Fire was coming out with the, with
22 the suspect to transport.

23 [REDACTED] When they, and when you say "coming out," coming out of
24 where?

25 SIMONZAD: The apartment itself, the main entrance.

1 [REDACTED] Okay. Was he on a, on a backboard or was he on a gurney? If
2 you remember.

3 SIMONZAD: I believe he was on a gurney.

4 [REDACTED] Okay.

5 SIMONZAD: Yes, sir.

6 [REDACTED] And, uhm, uhm, prior to our interview, uhm, did you have an
7 opportunity to review any video?

8 SIMONZAD: Uh, Officer [REDACTED] had something on, uh, his cell phone.

9 [REDACTED] Do you know how that was recorded?

10 SIMONZAD: Officer [REDACTED] I believe at that time, when we were gonna make
11 entry, said something, or the manager, the building manager said he's, could he record
12 it with his cell phone, and I don't know if it was [REDACTED] or the, or the building manager
13 that asked him, [REDACTED] said, "Record with my phone," so, uh, the manager, I believe
14 he used Officer [REDACTED] phone to record the incident.

15 [REDACTED] Okay. And, uhm, there's also video surveillance from the
16 apartment, did you have a chance to review that video?

17 SIMONZAD: No, sir.

18 [REDACTED] Okay. Uhm, that's all I have.

19 [REDACTED] Uh, Officer Simonzad, my name is Sergeant [REDACTED] uhm, some of
20 the questions I'm gonna ask you are the some -- kind of the same, same ones that he
21 asked you. Uhm, I apologize for that. You had the handle on a 273-5 in progress call?

22 SIMONZAD: Yes, sir.

23 [REDACTED] Uh, where were you directed to go to?

24 SIMONZAD: It was [REDACTED] Harding Avenue. It's an apartment complex.

25 [REDACTED] And the apartment number?

1 SIMONZAD: [REDACTED] if I remember correctly.

2 [REDACTED] And, uh, is there any narrative to that call? Did it give you an
3 update of what was going on, why was that in progress?

4 SIMONZAD: I believe I heard on the radio from dispatch, that it was involving a
5 woman screaming, but I don't remember any further, uh, information from dispatch.

6 [REDACTED] You arrived at about the same time as the other two officers, am I
7 understanding?

8 SIMONZAD: Yes, sir.

9 [REDACTED] You get briefed by the landlord?

10 SIMONZAD: Yes, sir.

11 [REDACTED] And where does this briefing take place?

12 SIMONZAD: It was at the front of the apartment, so he actually let us in, he had
13 the door open, and then he was briefing us on the way up the elevator as well.

14 [REDACTED] Okay. What did he tell you?

15 SIMONZAD: Uh, he said that, uh, I don't know if he heard himself or one of the
16 tenants told him there was a woman screaming for help, uh, he actually went to the
17 apartment, door-knocked [REDACTED] a male opened the door and some kind of verbal
18 exchange happens where the man was very aggressive with him, and he, basically,
19 feared for his safety, left that location and called, called the police, from my
20 understanding.

21 [REDACTED] Did, uh, he indicate to you the names of, uh --

22 SIMONZAD: I believe I asked -- I believe I asked him what the male's name is,
23 I'm -- uh, I think he gave me the first name, and that's the name I, I was calling through
24 the door.

25 [REDACTED] And what name was that?

1 SIMONZAD: I think it was [REDACTED], I'm, I'm not sure. I don't remember correctly,

2 SO --

3 [REDACTED] Did he tell you that there was a female that lived at that apartment
4 as well?

5 SIMONZAD: Uh, yes, sir.

6 [REDACTED] And do you know the name of that, that female?

7 SIMONZAD: I do not.

8 [REDACTED] Okay. And then, uhm, when you go up to the apartment, uh, he
9 doesn't let you in?

10 SIMONZAD: When we went -- uh, us, let us in?

11 [REDACTED] Yes.

12 SIMONZAD: Uhm, he, he was cooperative, he was handing over the, the keys --

13 [REDACTED] No, no, no, I'm talking about, I'm talking about the, [REDACTED]

14 SIMONZAD: Oh, the suspect?

15 [REDACTED] Yes.

16 SIMONZAD: Uhm, the suspect would not let us in, that is correct.

17 [REDACTED] Okay. Uhm, how long were you there trying to get him to open the
18 door before the door was, was eventually kicked open or opened?

19 SIMONZAD: I'm not sure on the timeframe, I would say maybe five minutes.

20 [REDACTED] Okay. And during that five minutes, did you hear a woman
21 screaming?

22 SIMONZAD: No, sir.

23 [REDACTED] Did you hear a female's voice?

24 SIMONZAD: No, sir.

25 [REDACTED] Okay. Uhm, how come you just didn't leave and, and call a SWAT

1 team to break the door down?

2 SIMONZAD: My, my fear, my mind was she's either being attacked or she's
3 already bleeding out or incapacitated or already dead, those were my concerns in my
4 mind at that very moment.

5 [REDACTED] So would you say that if you waited for, uh, let's say you called for a
6 SWAT team, that's gonna be an extended period of time?

7 SIMONZAD: Yes, sir.

8 [REDACTED] And what do you think would've happened if you waited?

9 SIMONZAD: I feared that she would be se--severely hurt or killed.

10 [REDACTED] Uh, now, when you made entry, can you describe the lighting
11 conditions within -- in the apartment?

12 SIMONZAD: I think it was just, I don't know how to explain it, just normal, day
13 time light.

14 [REDACTED] Were there lights turned on?

15 SIMONZAD: That I don't remember, sir.

16 [REDACTED] Okay. Uh, do you remember what, uh, the, the lighting -- or the --
17 was this during the day time?

18 SIMONZAD: Yes, sir.

19 [REDACTED] Sun out?

20 SIMONZAD: Yes, sir.

21 [REDACTED] Wasn't cloudy?

22 SIMONZAD: No, sir.

23 [REDACTED] Okay.

24 SIMONZAD: I don't think so.

25 [REDACTED] And then what's the distance between you and the suspect when

1 you first observe him?

2 SIMONZAD: So it was from the, the doorway itself to the threshold of the
3 bedroom, once he got, I'm guessing, uh, maybe 10 feet.

4 [REDACTED] Now, I don't remember if you said this or not, but does he approach
5 you with this knife or --

6 SIMONZAD: So --

7 [REDACTED] -- the, the group?

8 SIMONZAD: -- so when he turned, uhm, I, I saw his body turn, it's shifting
9 towards us, and as we were closing the gap, I don't recall if he actually moved towards
10 us but it was enough of a threat for me at that point, that I discharged my firearm.

11 [REDACTED] Okay.

12 SIMONZAD: So I don't remember if he actually stepped forward or not.

13 [REDACTED] Okay. But what was going through your head? What -- how did
14 that make you feel that, that, uh, he was there with this knife?

15 SIMONZAD: In my mind, in that quick second to process, was, you know, he
16 could've lunged, easily got Sergeant Ventimiglia or stabbed one of us, uhm --

17 [REDACTED] But what was going through your mind? What was -- what'd you
18 think was gonna happen?

19 SIMONZAD: That he could've very easily stabbed Sergeant Ventimiglia.

20 [REDACTED] Was Ventimiglia closer to him?

21 SIMONZAD: Yes, sir, to my left.

22 [REDACTED] And then, uhm, my partner asked you a question about, uhm, when
23 you heard the gunshots, did that make you, uh, fire your weapon too, and you, you were
24 -- uh, said that you didn't think -- didn't think so. Did you fire your weapon because
25 there was a threat or because, uh, someone fired a, a gun next to you?

1 SIMONZAD: I absolutely fired because I considered him a threat, yes, sir.

2 [REDACTED] Okay. Once, uh, the suspect went down, uh, and he was secured,
3 did you look for any other victims?

4 SIMONZAD: Uh, yes, sir. We looked for, for other victims, and all we found was
5 the female.

6 [REDACTED] Okay, you -- and that was -- the, the female, the girlfriend that you
7 eventually got out?

8 SIMONZAD: Yes, sir.

9 [REDACTED] Okay, that's all I have.

10 [REDACTED] Uhm -- yeah. That -- that's all I have. Do you have any
11 clarification?

12 ATTORNEY: I don't have any clarifying questions, Sergeant, thank you.

13 [REDACTED] Do you have anything you, you think is important that we, we
14 didn't ask?

15 SIMONZAD: No, sir.

16 [REDACTED] Okay. On that note, it's 1451 hours and we'll go off tape.

17 (END OF INTERVIEW).

Observations and Scene Examination

Apartment # [REDACTED] is a one bedroom and one bath unit. It is the second unit from the north end of the hallway with the front entry facing east. The kitchen/living room and bedroom areas were examined. Several fired cartridge cases were observed on the kitchen floor. A fired bullet and kitchen knife were observed on the bedroom floor. Several bullet holes and impacts were observed in the living room and bedroom areas.

The following bullet holes and impacts were observed and assigned the indicated letter for identification:

- PT-A Bullet impact on the top surface of a flat screen television which was adjacent to the south living room wall. The bullet impacted the top of the television. The bullet traveled in a westbound direction, but additional trajectory information could not be determined.

Evidence Disposition

PRELIMS Item Numbers 1 through 4 were retained in the Firearms Identification section.

Requests for analysis shall be directed to the appropriate laboratory section supervisors.

Background on Scene Examinations Performed

- Bullet hole/impact determination is performed through the examination of observable physical characteristics, the presence of chemical residues, and/or the presence of a bullet. The same concepts apply for defects caused by shotgun-related projectiles.
- A bullet's trajectory, or flight path, may be determined through an examination of the physical characteristics of a bullet hole or other damage indicative of the passage of a bullet. Bullet trajectory may be further defined when there are two or more points of contact or, alternatively, when a bullet passes through a sufficiently thick object. The same concepts apply for holes or other damage caused by shotgun-related projectiles.

Crime scene notes and supporting documentation exist in the case file at the laboratory and will be retained indefinitely.
